

West Campus Logistics

Summer Quarter 2006

Jefferson Grid

- **Project schedule: June 26th through early September 2006**
- **Corry Blvd. will be repaved from Jefferson Ave. to the entrance to CCM Garage.**
- **Temporary and older, damaged sidewalks will be replaced.**
- **Tree grates and frames in front of the Edwards Center will be removed and replaced with concrete.**
- **New curb cuts will be installed.**
- **New “raised” crosswalks will be installed in front of the Edwards Center.**
- **Stop signs will be relocated.**
- **New gate/barriers will be installed along the curb line from Jefferson Ave. to Dennis St.**
- **Deputies will be assigned to the project to assist pedestrians and maintain traffic.**

Blegen Library Window Replacement

- **Project schedule: Present through early September 2006**
- **Overhead work will require the closure of Backstage Dr. between Corbett Dr. and the CCM dock beginning June 21st and continuing into September.**

Daniels Hall Panels Removal and Roof Replacement

- **The white exterior panels will be removed and the roof replaced on Daniels Hall over the summer quarter.**
- **Daniels will be enclosed with a chain link construction barrier for the duration of the project.**
- **Covered walkways will be constructed at the north and west entrances to the building.**
- **Access and exit will be closed while work is occurring overhead.**
- **Walkways around the building will be maintained.**

Open Space

- **Several areas of MainStreet pavement will be under repair due to settlement issues.**

Martin Luther King Dr. Road Improvements

- **Road work is scheduled 6/26/06 through 8/7/07.**
- **The scope of the first phase of the project (which extends from Woodside Dr. to Vine St.) includes:**
 - **Widening MLK Dr. by 8 feet**
 - **Installing a new turn signal at Vine St. and a new signal light at Campus Green Drive.**
 - **Construction of new landscaped traffic islands in MLK Dr.**
- **Later phases of this proposed 18 month project include raising the pavement at the intersection of MLK Dr. and Vine St. and improvements to the traffic islands along MLK Dr. and Short Vine.**
- **This work is being performed by the City of Cincinnati. As it will certainly impact the university community, it should be taken into account in our logistics planning over the next year and a half.**
