The BALDWIN SOCIETY HONORS THE COLLEGE’S MOST IMPORTANT DONORS AND CONNECTS THEM WITH CEAS AND EACH OTHER TO BUILD A STRONG, POSITIVE FUTURE.

The BALDWIN SOCIETY operates under the umbrella of the Charles McMicken Society, the university recognition program for significant gifts (Annual Giving of $1,000 and more). The BALDWIN SOCIETY promotes and cultivates the interests of those who choose to support growth and progress specifically within the College of Engineering and Applied Science.

Since the founding of the college, Baldwin Hall has symbolized the cornerstone of engineering education — The BALDWIN SOCIETY symbolizes the cornerstone of private support for the College of Engineering and Applied Science.

Francis H. Baldwin came to Cincinnati in 1849 to enter the publishing business, later playing an active part in the commercial and civic life of his community. Gifts from Mr. Baldwin’s estate, designated “for the use and benefit of the University of Cincinnati” helped create the foundation for educational excellence that has been shared by generations of engineering and technology students.

Today’s BALDWIN SOCIETY members join the honored legacy of Francis Baldwin by supporting the superior education and research that continues at the college today. Members share a commitment to improving our community by supporting outstanding programs at the University of Cincinnati College of Engineering and Applied Science.
