How to Bookmark the Concur Login Page in IE11

1. Copy and paste the following address into the URL field of the browser

2. Right click on the screen to see the options menu. Select Add to Favorites.
   - Rename to Concur and create in the Favorites Bar (or other location you choose).

3. Go to the favorite on the favorites bar (or location created in), right click to see the options menu.
   - Select Properties
   - Delete the link in the URL field by highlighting and hitting the delete key on the keyboard.
   - Copy the following link:

   - Right click in the URL field and Paste.
   - Click Apply – The bookmark is saved
