# Prepare for the Career Fair

The Fall Career Week is a great opportunity to meet and potentially interview with a large number of employers. Whether you're looking for a full-time, co-op, or internship position, this is an opportunity you don't want to miss.

**Professional Day: Wednesday, September 14<sup>th</sup>**  
**Technical Day: Thursday, September 15<sup>th</sup>**  
**Campus Recreation Center | 10 am – 3 pm**

## Step 1: Make a Plan

Every employer you meet with is a potential job opportunity. Having a game plan makes you look professional and gives you confidence at the Fair. Your first step is to determine what **type of opportunity** you are seeking (full-time, summer internship, semester internship, graduate school, etc). Then, **research the organizations** attending by visiting their websites and making a **list** of those you want to speak with at the Fair. A list of participating organizations is available at [uc.edu/careerfair](http://uc.edu/careerfair). Finally, develop a **list of questions** you want to ask each organization.

## Step 2: Prepare your Resume

Bring several copies of your resume to the Fair to share with companies you speak with. To make sure your resume is its best, visit [uc.edu/career](http://uc.edu/career) for tips and **templates** or schedule a **resume review** with a Career Coach. You can locate your Coach at [uc.edu/career](http://uc.edu/career).

## Step 3: Create an Elevator Speech

Imagine you find yourself on an elevator with a top executive of your dream company. What would you say? Prepare a **30-second summary** to introduce yourself to representatives. This speech should include your education, experience, and skills that will benefit the company you are speaking with.

# Prepare for the Career Fair

## Step 4: Dress for Success

Your first impression sets the tone for your conversations. Make sure you are dressed in **business formal interview attire** and are well-groomed. Generally, you should wear a fairly conservative outfit in a neutral color, such as black, gray, or navy. Avoid wild ties, trendy styles, loud colors, distracting jewelry and strong scents. Don't neglect to wear professional footwear.

## Step 5: Make a Good Impression

Now is when all your hard work comes together! At the Fair, be aware of your body language—stand confidently; try not to cross your arms. Greet representatives with a **firm handshake, smile, and make eye contact**. Introduce yourself with your elevator speech, **listen** to the recruiters, and **try to ask at least two relevant questions** to each employer.

## Step 6: Come Prepared and Ask for Business Cards

Bring plenty of copies of your resume, a folder/portfolio to put them in, and carry a pen and notepad to take notes. Network! Don't be afraid to talk to other students while waiting for an organization and always **ask for business cards to follow up with conversations**. Make sure to keep an open mind, many organizations recruit for positions across various career fields.

## Step 7: Say Thank You

**Follow up** with any representatives you spoke with at the Fair. Let them know you appreciated meeting them and learning more about their organization. This can be an **email or a personal thank you card** – just be sure to send in a timely manner.

# DHL

### **Education at Work** [www.education-at-work.org](http://www.education-at-work.org)

Education at Work provides outsourced call center and back office services for our client-partners through a unique and innovative business model. We exclusively hire highly qualified college students that reside in the U.S. to work these jobs instead of staffing these positions in foreign countries. This creates an opportunity to bring customer service jobs back to the U.S., help provide for the education of our next generation, and contribute to the growth of the American economy.

Education at Work's service offerings include a wide variety of solutions, inbound and outbound customer service support, back office functions, web-based interactions via chat and email, and tech support solutions. All of these capabilities are tailored to fit the individual nuances of each client's own operational environments, as well as meet the requirements, such as HIPAA and PCI compliance, of the industries in which our client-partners compete.

## EMPLOYER INFORMATION

### **Mike's Carwash** [www.mikescarwash.com](http://www.mikescarwash.com)

Back in 1948, with great foresight and a nod to innovation, Founder Joe Dahm opened Indiana's first automated carwash, Mike's Minit Man. A few years later, Joe's brother, Ed Dahm, joined the business. At the time, just 18 carwashes were operating in the United States. Since then, millions of vehicles have passed through our wash tunnels and we've grown to become the largest exterior-only carwash company in the nation. Along the way we've held fast to one goal: delivering a clean, fast, friendly experience to each customer, every time they visit. Today our carwashes feature the most advanced technology available, specially formulated detergents, soft cloth, computer-controlled equipment and our special touchless hot air dryers, along with the exceptional customer service for which Mike's is known. Our dedicated and talented team members work hard to earn your trust and keep you coming back. We know that next to your home, your vehicle is likely the second largest investment you'll make—and caring for it safely is a privilege we don't take lightly. As our Founder Joe Dahm often reminds us, we're really in the people business. We just happen to wash cars.

### **Park National Bank** [www.bankwithpark.com](http://www.bankwithpark.com)

Welcome to Park National Bank, Southwest Ohio & Northern Kentucky!

Our division of the Park National Corporation was originally chartered in 1886 as The Clermont Building, Loan and Savings Company. In January of 2005 as First Clermont Bank we began our relationship with Park National Bank and became a "Division of Park National Bank." In 2006, we combined operations with the Park National Bank metro offices in Cincinnati, West Chester, Dayton, and Florence; it was at this time that we formally became Park National Bank, Southwest Ohio & Northern Kentucky.

Shortly after in 2007, Anderson Bank merged into our affiliate at which point we consolidated the Cincinnati office with our Anderson office. Our bank continues to grow and proudly serve Clermont, Hamilton, and Butler counties in Ohio and Boone County in Northern Kentucky.

While we have grown, we remain focused on you, our customer. It is with you in mind, that we combine great services with extraordinary customer service. Our bankers are dedicated to providing you with the highest level of professional service. We take the time to understand your financial goals and help you build a plan that best suits your life. We also offer surcharge-free ATM banking through the Money Pass and Jeanie networks to provide you with the freedom and flexibility to access thousands of surcharge-free ATMs throughout the country. Plus, our accounts include Online Banking, Online Bill Pay, and Telebank, to make it easy for you to take care of your money when it is most convenient for you.

Park National Bank also has a commitment to our shareholders and our depositors to operate our bank in a manner that ensures financial strength and soundness. Park National Corporation's overall performance has always been among the leaders in the banking industry. We focus on being the best,

## EMPLOYER INFORMATION

not necessarily the biggest. We welcome the opportunity to serve you now and in the future. We look forward to becoming not just your banker, but your trusted financial advisor to help achieve all of your objectives.

**Job Category:** Banking/Fin. Services Corporate Finance

A new career education-focused division brings together UC's Career Development Center and Professional Practice and Experiential Learning programs.

The Division of Experience-Based Learning and Career Education provides students with clear career education pathways by blending experiential learning opportunities with their professional pursuits.

This one-stop division makes it easier to connect students with employers, and better leverages resources to prepare graduates for meaningful and successful careers in a wide range of professions, sectors, industries and locations.
