THE PRE-HEALTH INTERNSHIP PROGRAM (PHIP)

Within the Division of Experience-Based Learning and Career Education the Pre-health Internship program (PHIP) consists of courses and academic internships for pre-health students.

PD 1000: EXPLORING HEALTH PROFESSIONS
5 sections offered in Fall 2017!

Gain a wider and deeper understanding of the variety of health professions and how to most effectively prepare for entry into the professions. Explore the human side of healthcare, including professionalism, ethics, healthcare disparities, cross-cultural care, and interprofessional collaboration.

INT 3041: HEALTH PROFESSIONS INTERNSHIP
Earn credit for the thing you need to do anyway!

After successful completion of PD 1000, students are prepared to responsibly engage in shadowing, volunteering, interning, or paid work in a healthcare setting. They register for our INT 3041 reflection course to earn college credit for this real world experience.

PD 2001: ADVANCING SUCCESS ON THE PRE-HEALTH PATHWAY
2 sections offered in Fall 2017 | Ideal for sophomores!

1 credit pre-health course focused on application, integration and deepening knowledge for pre-health students including research, professional development, pre-professional application preparation, and experiential learning.
