Class Status in Case of Severe Weather

*If the University of Cincinnati closes*, then all Communiversity classes are automatically cancelled. Students should check local media for school closing announcements (or the [www.uc.edu](http://www.uc.edu) site).

*If UC is open but you are unsure if your particular class is being held* due to inclement weather, call 513-556-6932 one or two hours prior to hear the status of your class.

*We will call you at the number you provided* and/or email you as soon as we possibly can in the event your class is being cancelled.

*Instructors typically arrange for make-ups in case of a cancelled class and will let you know at your next class meeting*
