HOW OLLI WORKS

Classes Offered

Each school year, OLLI offers more than 400 courses ranging from eight-week seminars to one-and-a-half hour presentations on topics including science, literature, history, and philosophy as well as financial planning, exercise, hobbies, health, technology, and more. Along with professors and other educators, volunteer moderators who lead each class include medical doctors, professionals from nearly every field, and passionate hobbyists.

Olli Membership

Anyone aged 50 or older is eligible to join OLLI and take OLLI courses. The only other prerequisite is a desire to learn. You do not need a college degree to join OLLI.

Cost

For a single payment of \$85 per quarter, OLLI members may register for as many classes as they desire. Most people sign up for at least three courses. Some courses may require an additional fee, which is listed in the course description.

Scholarships

Financial assistance is available to cover the full membership fee for those who need it. We are grateful for scholarship gifts from Neal Jeffries in memory of his wife, Karen Jeffries, and from Cecilia and Tom Kloecker. For scholarship application information, please call the OLLI office at 513-556-9186.

Wait Lists

OLLI does not keep wait lists for closed classes. If a class reopens because it has been moved to a larger space or someone has dropped it, a notice will be posted at www.uc.edu/ce/olli. Information may also be sent to recipients of the OLLI e-Newsletter and posted on the OLLI at University of Cincinnati Facebook page.

Registration Restrictions

You may not register for more than one class that meets at the same time. If you send in a registration that includes two or more classes that meet simultaneously, you will be registered for only the first one.

Attendance

Although attendance is not mandatory, your presence in the courses for which you register enhances the learning experience for you and your classmates. If you attend classes for which you are not registered, you will be taking a space reserved by someone who is registered, and you may be asked to leave the classroom.

1201 Hero's/Heroine's Journey

Tuesdays, 2–3:25 pm (UCBA)

We will read, view, and discuss *Richard II*. One of Shakespeare's great history plays, *Richard II* gives us more than a history lesson. It shows us a man dealing with the travails of his life, a life lived in a different time and context from our own but one involving the same existential issues. As Shakespeare takes us on Richard's journey, he makes us see that the life issues Richard faces are universal, that they are also our own.

Moderator: James Bridgeland Jr., BA, Akron Univ.; MA, Harvard Graduate School of Arts and Sciences; JD, Harvard Law School; advanced studies in literature, Oxford and Cambridge universities.

1202 Confrontation-Listening Skills

Tuesdays, 2–3:25 pm (UCBA)

CLASS LIMIT: 24

If you sometimes wish the quality of your communication with others was more enjoyable and even appreciated, then this class might be what you have been looking for. We will learn the specific skills (even suggest specific words) that research shows will elicit positive responses from others. This is an interactive class where participants practice skills in a safe environment. Class sessions are sequential: each week will build on the week before.

Moderator: Everett Nissly, BS, Ball State Univ.; MEd, Miami Univ.; retired school principal/administrator; past adjunct instructor of Effectiveness Training for Educators (six different colleges/universities); world traveler.

1206 Introduction to Excel

Tuesdays, 2–3:25 pm (UCBA)

CLASS LIMIT: 15

This introductory class is designed for the individual who has never used Excel; it assumes no previous knowledge. This is a hands-on class—the student will learn to enter, edit, arrange, and modify data into an Excel spreadsheet. Creating data tables and using mathematical functions will also be covered. Printing, page layout, and margin setting will be introduced through the use of Page Setup. Students will also learn to access the Internet for assistance with various Excel topics.

Moderator: Tom Schimian, XU, economics, retired in 2004 after a rewarding career as a programmer/analyst. Additionally, he was an adjunct instructor in such subjects as Computer Concepts and Facilities, Programming Logic and Methods, and Visual Basic/Visual Basic.Net at UC and Cincinnati State.

1207 A Brief History of Italian Opera

Tuesdays, 2–3:25 pm (UCBA)

Rafael de Acha returns to OLLI with a survey course featuring Italian opera. This eight-session journey through the world of Italian opera will feature audio and visual presentations of great moments from the lyric stage along with Rafael's insights into the great composers, stories, and singers of the world of grand opera.

Moderator: Rafael de Acha, a graduate of CCM's class of '70, continues to enjoy a 43-year career in the arts and education since retiring to Cincinnati in 2010.

1208 Foreign Policy

Tuesdays, 2–3:25 pm (UCBA)

One may argue that the US has been in too many wars lately with less than satisfactory results. Perhaps it is time to reevaluate the justification for military intervention. Should the US continue to have an aggressive policy, or should we rely more on diplomacy? What is the compelling interest that requires military intervention? It certainly isn't isolation, as that strategy has been tried and found to be insufficient. These are some of the questions that need to be resolved.

Moderator: Alan Brody, BA, Cleveland State Univ.; MA and ABD, UC.

1209 In the News

Tuesdays, 2–3:25 pm (UCBA)

We will select serious and some not-so-serious articles from the previous week's news that call for full discussion pro and con. The real success of the course will depend on the degree of participation and exchange of often conflicting positions and ideas by as many class members as possible. We may not change anyone's opinion (nor will we try). We may change the pace from week to week with an outside speaker or a guest moderator. Class members are encouraged to present news items as well.

Co-Moderators: Neal Jeffries is an engineer with 40 years' experience teaching courses in manufacturing and five years' moderating at OLLI, including travel courses. Dick Lenz is a retired engineer with a keen interest in current events and is a past moderator of this course and others at OLLI.

Class descriptions by CLASS NUMBER

1210 20th-Century European History

Tuesdays, 2–3:25 pm (UCBA)

The course will begin with the causes of WWI and then cover the major events of the 20th century. Topics will include WWI, the Russian revolution and Communist dictatorship, the Great Depression, the rise of fascism, WWII, the Cold War, and the post-WWII rise of Western Europe as a major political and economic power.

Moderator: Ken Schneider has a BA in European history from Miami Univ. and MA in European history from UC. He has taught European history for five years at Madeira and 37 years at Indian Hill. He has presented workshops for the College Board for 17 years.

1305 Investment Strategies for Retirees

Tuesdays, 3:35–5 pm (UCBA)

4-WEEK COURSE: Feb. 11–Mar. 4

CLASS LIMIT: 20

Participants will understand the ten key principles for investing and how to identify and avoid the most common financial mistakes. The course will include discussions on the features of bonds, stocks, mutual funds, asset allocation, and the impact of inflation. The four-week workshop has a workbook provided and is taught by a seasoned local financial advisor.

Moderator: Mike Vagle, financial advisor with Edward Jones, holds a BA from Hope College in Holland, MI.

1306 My Friend Rod Serling

Tuesdays, 3:35–5 pm (UCBA)

Rod Serling is best known for *The Twilight Zone*, but what rocketed him to fame were his teleplays on Playhouse 90, Kraft Theater, etc. He accumulated a shelf full of Emmy's that sent him packing from New York to Hollywood where he wrote several films. Rod and Carol Serling moved into the apartment across the hall when WLW hired him out of Antioch College. I had originally planned on entering the entertainment field, and Rod allowed me to live vicariously through him. I'll discuss his life and too-early death and show some of his famous efforts and documentaries about his life.

Moderator: Saul Marmer, BBA, UC; certified pedorthist, Ball State Univ., Northwestern, NYU, and UCLA; president of Marmer's Shoes; president of Ohio Shoe Retailer's Association; board of directors of National Shoe Retailer's of America; president and founder of National Prescription Footwear Association.

1307 Richard Wagner's *Ring of the Nibelung*, Part 2

Tuesdays, 3:35–5 pm (UCBA)

This is the second part of a course watching and discussing the new Metropolitan Opera production of Richard Wagner's *Ring of the Nibelung* created by Robert Lepage. This quarter will be devoted to *Siegfried* and *Götterdämmerung*. Attendance at the first part is not a prerequisite.

Moderator: Charles Bretz has been attending operas throughout the US for his entire adult life. His love of the art form began as a teenager when he was introduced to opera at the Cincinnati Zoo.

1308 Personal and Business Win-Win Negotiation

Tuesdays, 3:35–5 pm (UCBA)

This class will cover the principles and practices involved in successfully negotiating to reach win-win agreements. It will address personal situations as well as business-related ones, from reaching an agreement with a spouse or relative to purchasing a car or working with a home-improvement contractor. Handouts will be provided, and guest speakers will provide additional perspectives.

Moderator: Donald Rhoad, 30 years of management experience in purchasing and supply management at P&G, Bethesda Hospitals, LensCrafters, and Jacobs Engineering. For five years, he served as a SCORE business counselor, providing guidance to small-business owners. He brings extensive experience in purchasing, contract negotiation, and business leadership.

1309 Central European Film after the Second World War

Tuesdays, 3:35–5 pm (UCBA)

CLASS LIMIT: 12

The course follows West German, East German, and Polish films immediately following World War II. Students will note and discuss themes unique to all three nationalities' respective film genres: Communism and its promises, rebuilding the physical and abstract, and the Jew in postwar Central Europe. (Based on master's thesis delivered to UC history, 2009.)

Moderator: Everett Campbell's master's study at UC was in early modern and modern European history. This experience led him to discover a new level of diligence and creativity. He would like to inspire in his students a desire to find kernels of their own potential for hard work and originality.

1310 A-E-I-O-U-Y of H-I-N-D-U-I-S-M 

Tuesdays, 3:35–5 pm (UCBA)

India plays a huge role in today's world, and relations between the US and India are in its prime time. Therefore, it is vitally important that Hinduism, the major religion of India, is understood in both historical and modern contexts. Understanding Hinduism can be a daunting task, even for Hindus, and can be especially confusing to non-Hindus. This course presents basic tenets of Hinduism in a comprehensive and objective fashion, highlighting the eternal wisdom enshrined in it, which anybody can benefit from in our ever-shrinking world.

Moderator: Koti Sreekrishna, PhD, studied biochemistry and is currently a senior scientist in the Global Biotechnology division at P&G. His interests include philosophy, inter-religious dialogue, public speaking (Toastmaster since 1985 and a DTM), and studying the Hindu scriptures. He serves as religious counselor of the Hindu Society of Greater Cincinnati.

1400 Religion beyond Dogma

Wednesdays, 2–3:25 pm (UCBA)

Each week, a different panel of religious leaders will discuss their various beliefs. Panelists will include Catholic, Islamic, Jewish, and Protestant teachers/leaders. This course does not seek to reduce faith to a common denominator; rather, it attempts to identify areas of agreement and disagreement among individuals of different religions. Panelists will express their own views of faith with the understanding that, even within a single religious tradition, individual believers may not always agree. We will also discuss how or whether the different faith groups should work together or individually to make the world more peaceful and just.

Moderator: Dan Weyand-Geise has served as pastor of First United Church of Christ in College Hill since 2000. He is currently president of the Metropolitan Area Religious Coalition of Cincinnati and chairs the UCC's Mission Priority Board for Southern Ohio and Northern Kentucky. He earned his undergraduate degree from the Univ. of Dayton and his master of divinity from the Athenaeum of Ohio (Mt. St. Mary's) in Cincinnati.

1406 Be Happy. Think Positive. Accept Change. 

Wednesdays, 2–3:25 pm (UCBA)

Life is an incredible journey. Sure, it has sad and imperfect moments, but it is still extraordinary. Join us as we explore some techniques we can use to support positive attitudes. Professional analysis is not on our agenda. However, we do

promise to share some insights and life skills that can help all of us feel more confident and secure as we make this ever-changing voyage.

Moderator: Nancy Schpatz, JD, George Washington Univ. Law School, is a member of the OLLI Curriculum Committee and is a positive and happy moderator on a variety of OLLI subjects.

1407 The 1869–70 Cincinnati Red Stockings 

Wednesdays, 2–3:25 pm (UCBA)

This course will be devoted entirely to the first professional baseball team's first two seasons in 1869 and 1870: the origins, accomplishments, and legacy of the Red Stockings. I have included this topic in previous classes, but this will be an in-depth review.

3207 Stress Less with Mind-Body Bridging

Tuesdays, 9–10 am (ADI)

4-WEEK COURSE: Jan. 14–Mar. 4

This course (one hour per week for four weeks) encompasses Life Skills training and is based on the techniques of Mind-Body Bridging (MBB), as created by Dr. Stanley Block. MBB provides you with the tools to better manage your stressful thoughts and can be a powerful method to manage life's stress. MBB is an experiential program that includes learning about mind-mapping exercises, thought labeling, and awareness practices. Learning these three tools is your gateway to gaining an ability to cope with daily stress. Better yet, these tools can be utilized virtually anywhere. YOU MUST BE ABLE TO ATTEND ALL FOUR SESSIONS TO FULLY BENEFIT FROM MBB TRAINING. A workbook needed for the course will be available for \$5 on the first day of class.

Moderator: Katie Hoffman, president and director of StressLess, LLC, is a board-certified practitioner of MBB and will be teaching the Life Skills formulated by Dr. Block.

3208 History of Immigration to Cincinnati

Tuesdays, 9–10:25 am (ADI)

The course traces the journey of different ethnic groups to their settlements in Cincinnati. Members of the class are invited to participate and share their family stories.

Moderator: Josephine Gately was born and educated in England and has child-welfare experience in both England and Canada. After completing graduate studies at Smith College, she immigrated to the US and fulfilled a career in psychiatric settings. From her own experience and those of others, she has delved into the lives of immigrants to Cincinnati.

3307 The Age of Insight

Tuesdays, 10:35 am–12 pm (ADI)

What happens when leaders in medicine, science, and art meet and discuss integrating disciplines to improve the brain, medical advances, science and art processes, and problem solving? These meetings over a period of time in 20th-century Vienna led to many changes, new sciences, and art production and interpretation. If interested in learning about these unusual experiments, works, and professional practices, join us. For the first class, please read chapters 1–4 of Eric Kandel's *Age of Insight* (New York: Random House, 2012; about \$25 online).

Co-Moderators: Franklin Colón, MD, and emeritus professor of family medicine, UC; and Dean Moore, precollege and college

educator, three degrees from Ohio Univ. and UC.

3308 Eating to Live

Tuesdays, 10:35 am–12 pm (ADI)

With hundreds of food choices on the supermarket shelf, what should one choose to ensure better health for the entire person, not just for the tongue's taste buds? This course will help you make informed choices and eat healthier and better without breaking your budget.

Moderator: Jeba Moses, pastor of the Clifton Adventist Church, doctorate in theology with secondary emphasis in health.

3309 Political Paranoia

Tuesdays, 10:35 am–12 pm (ADI)

More than 50 years ago, professor Richard Hofstadter wrote that American politics was often characterized by extremist rage and opposition to policies that benefited certain groups, often minorities (*Anti-intellectualism in American Life* and *The Paranoid Style in American Politics*). We will examine Hofstadter's work and more recent examples of political paranoia.

Moderator: Dennis O'Keefe, PhD, political science, and experienced teacher of constitutional law.

3310 Teaching Effective Study Skills to Your Grandchild

Tuesdays, 10:35 am–12 pm (ADI)

6-WEEK COURSE: Jan. 14–Feb. 18

The course will cover organization (time, possessions, and ideas), development of good listening skills, how to take good notes, improving memory, and different methods to study for different kinds of tests. In order to cover the copying costs of the handbook, there will be a \$10 supply fee payable to the moderator on the first day of class.

Moderator: Barbara Solomon has been a classroom teacher for 20 years. In addition, she has her own tutoring business that deals with the needs of students from kindergarten through grade 12. She has also been the developer and director of a resource room.

Moderator: Tom Flautt is retired from P&G. While there, he developed an interest in what makes people tick. He is certified as an Enneagram teacher by major Enneagram schools. He also teaches an OLLI course on Carl Jung.

3600 Tai Chi Experience

Thursdays, 9–10:25 am (ADI)

This class offers an introduction to the graceful, noncompetitive Chinese soft martial art of tai chi. Patient instruction allows individuals to proceed at their own pace and ability. As a gentle physical exercise form, doing tai chi can lead to increased stamina and muscle tone, improved balance, and more effective breathing. As a form of “meditation in motion,” tai chi can provide mental benefits of stress reduction and relaxed disposition. Performing tai chi can be used as a convenient and effective regular exercise program.

Moderator: David Schiel is a tai chi enthusiast.

3603 Yes! You Can Become a Better Photographer

UPDATED

Thursdays, 9–10:25 am (ADI)

7-WEEK COURSE: Jan. 16–Feb. 27

CLASS LIMIT: 12

This workshop is about becoming a better photographer. As in any visual art form, good photographs are created by what one sees. Becoming more aware allows the images you see to become the photographs you want. People using inexpensive digital cameras can and do take good—even great—photographs. This is a basic working class with photography field assignments each week. We will learn from each other as we share each week’s assignment results.

Moderator: Muriel Foster is an award-winning photographer whose fine art photographs are in corporate and private

collections. Her exhibition experience includes major regional competitions, national shows, and four one-woman shows. She is a published writer and photographer with a studio and gallery at the Loveland Artist Studios on Main where she teaches private classes.

3606 Hooray for Hollywood Musicals, Part 2

NEW

Thursdays, 9–10:25 am (ADI)

4-WEEK COURSE: Feb. 13–Mar. 6

Hollywood musicals were different from Broadway musicals. Starting with the first “talkies,” we will take a trip through the history of movie musicals through their recent resurgence.

Moderator: Doug Iden is a retired financial advisor and a big fan of Broadway musicals with an extensive collection of Broadway scores and movies.

3607 Chekhov’s Short Stories

NEW

Thursdays, 9–10:25 am (ADI)

CLASS LIMIT: 20

Anton Chekhov (1860–1904) remains an acknowledged master of the short story. His work has been called subtle, delicate, rebellious, and brutal. Using *The Selected Stories of Anton Chekhov*, translated by Pevear and Volokhonsky, we will read the stories chronologically. Please read the first four (very short) stories for the first class.

Moderator: Pamela Kubly has degrees from Bryn Mawr College (magna cum laude, philosophy), Bank Street College of Education (MS, early childhood education), and New York Univ. (MS, psychology). She is an avid reader and theatergoer and loves Chekhov.

3608 Researching Your Family Tree

NEW

Thursdays, 9–10:25 am (ADI)

Learn the basics of finding your ancestors, where they lived and died, who they married and the children they had, whether they fought in the wars and received military pensions, and other facts about your family history. We will discuss how to get started and how to document and organize your findings. Resources such as the census and other government records, online sources, newspapers, family histories, and many more areas will be explored. There will also be opportunities for sharing ideas—and who knows, maybe you are searching for the same families that other class members are!

Moderator: Kathy Womer is a member of the Hamilton County Chapter Ohio Genealogical Society and has been researching

her own and her husband's families for seven years.

3609 Federal Budget Sequester

Thursdays, 9–10:25 am (ADI)

We will review the history of the budget process to see why there is a sequester, define what the budget sequester is, and analyze what it's designed to accomplish. We will discuss if the sequester is working and if it will—or should—be allowed to continue. Hopefully, the class will come up with some constructive suggestions concerning the law and how it's being applied. There will be handouts.

Moderator: Shannon Womer is a retired City of Cincinnati employee who worked with budgets and fiscal matters for more than 25 years. He has a BA in psychology from UC.

3703 Intermediate Digital Photography Workshop

Thursdays, 10:35 am–12 pm (ADI)

7-WEEK COURSE: Jan. 16–Feb. 27

CLASS LIMIT: 12

This workshop will help those of you with a basic understanding of photography and a desire to learn more at the next skill level. You will learn to train your eyes to find artistic photo opportunities and to make choices, thus turning what you see into photos you will be proud to show as works of art. This is not a technology class. We are learning to see differently with a camera as a tool. Weekly assignments are combined with sharing the results to advance your knowledge and abilities beyond the basic level.

Moderator: Muriel Foster is an award-winning photographer whose fine art photographs are in corporate and private collections. Her exhibition experience includes major regional competitions, national shows, and four one-woman shows. She is a published writer and photographer with a studio and gallery at the Loveland Artist Studios on Main where she teaches private classes.

3707 A Twist on How Plays Can Help in Understanding Families

Thursdays, 10:35 am–12 pm (ADI)

6-WEEK COURSE: Jan. 16–Feb. 20

Our new twist is that we will all be moderators because of our passion for plays and studying issues pertaining to families. We'll read three plays: *The Trip to Bountiful* by Horton Foote (1/16, 1/23), *A Delicate Balance* by Edward Albee (1/30, 2/6), and *Butterflies Are Free* by Leonard Gershe (2/13, 2/20). Discussion themes will include, but are not limited to, parenting, siblings, gender roles, love/hate, trust,

and transgenerational issues. We will continue to be a fun, interactive class. Having each play read before its scheduled date is not required but enriches discussion and participation.

Moderator: Debbie Zook was a teacher for more than 25 years and now enjoys spending time with her grandchildren, gardening, traveling, reading, and cooking.

3708 "Loesser" Known Broadway Musicals, Part 5

Thursdays, 10:35 am–12 pm (ADI)

4-WEEK COURSE: Feb. 13–Mar. 6

We'll continue our journey of lesser-known Broadway musical composers such as Rodgers and Hart, Charles Strouse, and Kander and Ebb plus lesser-known shows by better-known composers.

Moderator: Doug Iden is a retired financial advisor and a big fan of Broadway musicals with an extensive collection of Broadway scores and movies.

3709 Can We Talk? Why Are "Over-the-Hill" Themes about Aging So Popular?

Thursdays, 10:35 am–12 pm (ADI)

Most Americans tend to have little tolerance for older people and very few reservations about harboring negative attitudes toward them. We will talk about the origins, effects, and examples of ageism, what they do to us, and how we can respond to them.

Moderator: Ina Schwartz is a licensed clinical social worker, geriatric consultant, and former adjunct instructor of interpersonal communication at UC. She provides workshops for mental health professionals and facilitates support groups on aging issues. MA, communication, UC; MSW, UC.

3710 C. G. Jung Study/Discussion Group

Thursdays, 10:35 am–12 pm (ADI)

Carl Jung developed a vast work concerning self-knowledge, personal development, art, culture, and spirituality. The class will start by reviewing basic concepts of Jungian psychology. Then participants will have the opportunity to learn in greater depth the part of Jung's teaching that has special interest for them by researching and presenting a topic for class discussion. The moderators will suggest resources to help your journey of discovery.

Co-Moderators: Sally Moore, coordinator of Greater Cincinnati

Class descriptions by CLASS NUMBER

Friends of Jung and retired director of Research Services, Convergys, Inc.; Joan Murray, occupational therapist and chemical dependency counselor; Tom Flautt, PhD, retired P&G executive, involved in organizational development, executive coaching, and personality research.

3711 Travel Seminar

Thursdays, 10:35 am–12 pm (ADI)

7-WEEK COURSE: No Class Feb. 6

This course will focus on travel tips, how to find the best prices, and information on “hot” destinations. Learn about car rentals, travel insurance, European rail travel, etc.

Moderator: David Yockey, AB, MEd, MA, DS, retired as a department head at Milford HS and has worked as an independent travel consultant with Provident Travel for the past 22 years. He has traveled extensively.

4200 Writing Down Your Life’s Stories

Tuesdays, 9–10:25 am (TUC)

Participants will work to wrangle and wrestle their favorite stories down on paper. Write as you’ve never written: without rules, without censor, without judgment. Each class is a unique experience, colored and inspired by the writings of the participants. Create a Family Story Chapbook that will be a treasure in decades to come.

Moderator: Tracy Connor is a writer, improviser, and actress. A Los Angeles resident for 18 years, she worked with poet Jack Grapes and created her first chapbook. A resident of Cincinnati since 2007, she produces a quarterly literary salon, Tongue & Groove/Cincinnati, in Clifton that features local writers, poets, storytellers, and musicians.

4204 Some Interesting Civil War Generals

Tuesdays, 9–10:25 am (TUC)

Most people are familiar with the leading Civil War generals: Grant, Lee, Sherman, and Stonewall Jackson. Other generals were very well known, famous (and sometimes controversial) at the time of the war and shortly thereafter. However, memories of these men have faded over the years. This course will cover some of these generals: Thomas, Meade, and Sheridan for the Union; Longstreet, Joseph Johnston, and Hood for the Confederacy. We will review their lives and careers as well as their impact on key battles and on the course of the war overall. Attention will also be given to their activities after the war.

Moderator: Jim Dempsey, BA, Cornell Univ., MBA, Univ. of Michigan, is a retired P&G executive with an abiding interest in the Civil War.

4205 Human Genetics: Science, Technology, and Social/Ethical Issues

Tuesdays, 9–10:25 am (TUC)

CLASS LIMIT: 24

From your doctor’s office to your favorite TV or radio show, the topic of genetics seems to be everywhere. This course will provide detailed and up-to-date information on the genetic basis of human disease, DNA forensics, ethical considerations, the human genome project, and the impact of genetics research on everyday life.

Moderator: This course will be taught by genetic counselors, physicians, and laboratory specialists from Cincinnati Children’s Hospital Medical Center.

4301 Adventuring into Photography

Tuesdays, 10:35 am–12 pm (TUC)

Don’t throw your camera into the river: take this course. We’ll learn to have fun with photography while we figure out the elements of good photographs and practice making and sharing them. We’ll examine great photographs and listen to what experts say about making good ones. The best camera is the one you have with you, so bring what you have. You’ll shoot the subjects you like and astound family and friends on how well you’re doing. After you register, please email me at pnord@cinci.rr.com so that I may send you instructions for the first class.

Moderator: Peter Nord, PhD, has more than 50 years’ experience in various aspects of photography.

4304 Exploring Opera

Tuesdays, 10:35 am–12 pm (TUC)

Our exploration this quarter will include a top-20 opera, Verdi’s *Il Trovatore*; the less-familiar *Pique Dame* by Tchaikovsky; and the contemporary *The First Emperor* by Tan Dun.

Moderator: Richard Goetz, PhD, is a retired industrial chemical research manager who has been attending opera since 1949.

4306 Gentle Taiji and Qigong for Health and Tranquility

Tuesdays, 10:35 am–12 pm (TUC)

The flowing movements of taiji (alternate spelling of tai chi) and nurturing postures of qigong (its meditation dimension)

promote not only calmness and equanimity but also bone and muscle strength, balance, and agility. This course uses a fundamental taiji form set as well as moving, standing, sitting, and lying down qigong movements to improve health and nurture our strengths. This Evidence Based Qigong and Taiji (EBQT) was developed by 19th-generation Chen taiji master Dr. Yang Yang. To learn more, peruse www.chentaiji.com.

Moderator; Dr. Ivy Glennon, 15-year student of Chen taiji and qigong through Master Yang Yang's Center for Taiji Studies in Illinois, recently moved to Cincinnati after retiring from the Institute of Communications Research at the University of Illinois. A certified teacher of EBQT since 2008, she can be reached at ivy.taiji@gmail.com.

4307 Longevity and the Mediterranean Diet

Tuesdays, 10:35 am–12 pm (TUC)

Nutrition's impact on aging is improved by a simple and flavorful Mediterranean lifestyle. Discern food combinations that strengthen organs through nutritional remedies that treat the disease and not the symptoms (noted in evidence-based Western medical research). Identify nutrient requirements, dietary changes, and energy sources for metabolism that will promote healthy longevity. Keeping in mind one's personal life and emotional balance, students will be able to distinguish foods that best meet their dietary needs, plan personalized meals, and communicate which lifestyle elements they intend to change by the end of the course.

Moderator; Kimberly Scardicchio is a UC alum, having completed studies in the didactic program of dietetics (BASC) from the College of Allied Health and Sciences. She is a certified dietetic technician registered and a member of the Greater Cincinnati Dietetic Association and the Academy of Nutrition and Dietetics. She has 20 years of experience studying, teaching, and consulting on the Mediterranean diet during her time abroad in Italy and in the US, having lectured for representatives at Coldwell Banker, GE, Eli Lilly, churches, charities, schools, and galas.

4403 Let's Talk Current Events

Tuesdays, 1–2:25 pm (TUC)

This course is intended to deal with the political, economic, and social events of the day.

Co-Moderators: Len Harding is a semi-retired, but not at all retiring, person who has not had a traditional career and is not locked into any particular view of anything. He has been, by turns, an adjunct instructor of history, technical

writer, architectural specifications writer, and LEED (green construction) contract administrator in Las Vegas. David Kempton, AS, history and government from Ohio Univ, MS, education from UC, worked for the Hamilton County Board of Developmental Disability Services for 35 years where his primary job was to assist students with developmental disabilities transition from school to work.

4404 What's New in Genealogy Today?

Tuesdays, 1–2:25 pm (TUC)

Something old, something new, something borrowed, and something more fascinating than a mystery novel because it involves YOU and YOUR family. New sources for information are almost endless. WARNING! Your search may be addictive. Moderator is an experienced genealogist dedicated to helping the novice or the experienced researcher.

Moderator: Karen Everett, BS, education, magna cum laude, UC; post grad, College of Mt. St. Joseph, XU, UC, Miami Univ.; 30 years district librarian, education director, Hamilton County Chapter of Ohio Genealogical Society; member, First Families of Hamilton County, Ohio; recipient, DAR Service Award and Hamilton County Genealogical Society Distinguished Service Award.

4701 French Conversation

Thursdays, 9–10:25 am (TUC)

Take this opportunity to improve your speaking skills and brush up on the structural components of one of the most beautiful languages of the world by applying them in a systematic conversational format. Some basic knowledge of French is required.

Moderator: Gloria Giannestras attended only French-speaking schools until college. She holds a BA from the College of William and Mary in French and Spanish.

4702 More of Flannery: Short Stories of Flannery O'Connor

Thursdays, 9–10:25 am (TUC)

CLASS LIMIT: 15

Flannery O'Connor, Irish and a devoted lifelong Catholic born and bred in deep-South Baptist Georgia, declined centering her art in either of those cultures. Instead, ironically, she chose her characters and the setting of her stories from the rural, backwoods people of the South who profess to their own version of Christianity. She illuminated their lives with great

Class descriptions by CLASS NUMBER

artistry and an abiding affection. The book required is *Flannery O'Connor: The Complete Stories*. Please read "The River" prior to the first class.

Moderator: Bob Shanklin is a lifelong lover of literature and poetry with an ever-growing gratitude to OLLI for providing a venue for expressing his passion.

4703 Ideas in Philosophy

Thursdays, 9–10:25 am (TUC)

Two rather different topics will occupy the course in one order or the other. First, the concept of "knowing something" and the philosophical concept of innate concepts. Second: Plato's ideal state as described in his fifth-century BC book, *The Republic*, and its degeneration. The first topic leads to the view of reality advocated by Immanuel Kant. The second topic leads to Machiavelli's prediction of the ultimate failure of republics. Class format: lectures with as much class discussion as possible.

Moderator: Rollin Workman, retired UC professor of philosophy.

4704 Behind the Scenes in the Arts

Thursdays, 9–10:25 am (TUC)

Back by popular demand, we invite arts leaders from many disciplines—dance, opera, symphony, or visual arts—to discuss, enlighten, and debate. Janelle will talk about behind-the-scenes changes in the newspaper industry as well.

5010 Back to Work after Retirement? We Can Help!

Wednesday, Jan. 29, 9 am–12 pm (SSC)

The Bureau of Labor Statistics states that, following retirement, the number of working seniors is actually on the rise. In fact, it's more than doubled since 1990. Mature workers bring assets to the workplace that employers need, including strong work ethic, reliability, good judgment, and strong interpersonal and communication skills. In promising to remove barriers and expand adults' learning opportunities, the state recognizes that Ohio's Technical Centers (formerly Adult Career-Technical Centers) can help prepare you in this endeavor. Ohio Technical Centers offer a well-integrated network of programs and services that allow those reentering the workforce to update their skills and to succeed in an innovation- and technology-driven economy and in most cases earn college credit at the same time.

Co-Moderators: Tom Harris is director of adult education and workforce development for the Warren County Career Center in Lebanon, OH. He has been involved in Career Technical Education for the US Air Force, State of Utah, and Ohio for the past 28 years. Harry Snyder is the director for adult workforce education for the Great Oaks Career Campuses. He has been with Great Oaks since 1996 and has focused on economic development issues, workforce development solutions, and collaborations and partnerships that benefit the region and the State of Ohio.
