helpful hints for party planning

Food Quantities
The time of day and purpose of the occasion will influence the quantity of food you will need. If you are serving light snacks or refreshments during or near meal times, you will typically need a larger quantity than between meal periods. The quantities planned for per person events are average size portions. We can help you determine the appropriate amounts for your group.

Pick-ups
The most economical way to host a party is to pick up the food and set it up yourself. Orders can be picked up at our catering kitchen. We can help you with transport and loading – i.e., loading a cart, etc. If you will need assistance, it’s helpful to ask at the time the order is placed.

Equipment and Location
All food and beverage orders will be packaged in disposable containers. Appropriate service utensils are included with your order.

For your room reservation please contact Campus Scheduling at 513-556-2442.
