Cognitive Behavioral Interventions

Train the Trainer Protocol

The University of Cincinnati Corrections Institute (UCCI) offers a Train the Trainer (T4T) process for Cognitive Behavioral Interventions for Group Facilitators (CBI). As such, agencies and organizations can develop internal capacity and sustain long-term use of CBI’s within the provision of services. A description of the T4T process, the staff selection and certification criteria, and costs are outlined below.

General Description of Train-the-Trainer

The CBI T4T is a 4-day training that prepares previously trained facilitators in CBI to train other staff. UCCI-approved Master Trainers provide the T4T training. The maximum number of T4T training participants is 10 individuals.

The training covers CBI training logistics, content and strategies. It also provides the opportunity for each participant to practice delivering training via a live end-user session. The full training is designed to allow the participant to demonstrate the core CBI trainer lessons, during which Master Trainers measure participant ability to deliver the techniques. At the end of the T4T training, participants will be administered a written examination. The exam tests on training content learned throughout the week, as well as the trainer’s knowledge of basic cognitive-behavioral theory components.

T4T Selection Criteria:

To be selected for this training, staff must meet the following requirements:

1) Attended and participated in a CBI end-user training as conducted by a UCCI certified CBI trainer.

2) Facilitated one full cycle of an approved group treatment program (e.g., T4C, ART and CBI-SA) or a set number of approved groups (e.g., social skills) prior to the start of the CBI T4T. Groups deemed acceptable are to be determined by UCCI prior to the T4T.

T4T Participant Selection Guidelines:

In addition to attending the facilitator training and conducting an approved CBI curriculum, individuals selected to attend T4T training should:
1) Possess skill and comfort with public speaking, preferably with experience conducting trainings;
2) Demonstrate a thorough understanding of cognitive-behavioral theory and evidence-based strategies for correctional treatment;
3) Value the use of cognitive-behavioral strategies in treating individuals;
4) Have a flexible schedule that allows for training time, supported by your organization;
5) Be a reliable and long-term employee within your agency; and
6) Express interest and enthusiasm in becoming a trainer.

**T4T Participant Certification**

Based upon training participation, training ratings and written examination scores, T4T participants will be classified into one of three categories: 1) Certified Trainer; 2) Co-Trainer; or 3) Uncertified.

After completing the training and receiving acceptable scores on teach-backs and the exam, Certified Trainers may begin training CBI facilitators. If a participant does not meet the expectations needed to be certified, the individual may be considered a Co-Trainer. These individuals require additional practice delivering the material or learning the key concepts and must co-train with a Certified Trainer until deemed appropriate for certification by the Master Trainer and approved by UCCI (process and pricing to be determined on an individual basis).

Uncertified participants are individuals who are unable to successfully complete the training requirements. Cases are rare when an individual is appropriately selected for the training and then does not demonstrate the necessary skills for certification. However, if the Master Trainer, via objective evidence, determines a participant is unable to demonstrate the necessary trainer skills needed, the person will not be certified.

To be certified as either a Certified Trainer or a Co-Trainer, T4T participants must:

1) Attend the entire 4-day T4T Training (2-days in class with a UCCI Master Trainer and 2-days delivering the live end-user training under the observation of UCCI Master Trainer);
2) Fully participate in the 4-day training process;
3) Receive an acceptable rating score from the UCCI Master Trainer on their ability to effectively deliver the training material; and
4) Pass the written T4T examination.

---

1 The CBI T4T will focus on the content of the training rather than teaching general skills in effective training or adult learning.

2 The agency is responsible for organizing the 2-day live end-user training and responsible for providing the training materials needed for the 2-day live end-user portion. UCCI will supply electronic versions of the material along with assembly instructions for the manuals.
T4T Training Agreement and MOU:

Individuals certified as Trainers for CBI are only permitted to train within the scope of their employment with the contracting agency. Any exceptions to this must be granted by UCCI. If a certified trainer is no longer with the contracting agency, they forfeit all rights to train the material unless specific permission is granted by UCCI. All trainers are required to sign the MOU (see Appendix A) at the time of the training which outlines these restrictions. If participants do not sign the agreement, they will not be certified.

T4T Cost:

The initial 2-day CBI training for up to 30 staff is $7,000 within driving distance ($9,000 if flying).

The 4-day CBI Certification Process for up to 10 staff is $16,000 within driving distance ($18,000 if flying).
