Mercy Health System in southern Ohio has changed Emergency Room and Radiology providers for its ER and radiology services. The new providers (Columbus Radiology Group and EMP of Cincinnati) are currently NOT under contract with Anthem. This means that services rendered by these providers are currently considered out-of-network. Anthem is currently attempting to negotiate a mutually acceptable reimbursement rate and is working diligently to bring these providers into their network.

- The following locations are impacted:
  Mercy Health - Harrison Medical Center (9/10/2015)
  Mercy Health - West Hospital (9/10/2015)
  Mercy Health - Western Hills Medical Center (9/10/2015)
  Mercy Health - Fairfield Hospital (10/12/2015)
  Mercy Health - Rockwood Medical Center (11/2/2015)
  Mercy Health - Clermont Hospital (11/16/2015)
  Mt. Orab Medical Center (11/16/2015)

- Mercy Health itself and other professional services performed there are not impacted by this termination and will continue to be in-network with the exception of radiology services through Columbus Radiology.

- For a complete list of in-network providers for Anthem, members can view an online provider directory at www.anthem.com. Additional options are provided further below.
