Title: Social Worker 2

Pay Scale Group: 14

Essential Function

Under general supervision from a designated administrator, provide psycho-social diagnostic, counseling, and casework services to students or patients and families at a designated university unit.

Characteristic Duties

- Provide psycho-social diagnostic, counseling, and casework services to students or patients and families at a designated university unit (i.e., intake, evaluation, counseling, urgent care, and case management).

- Assess psycho-social situations, interpret, and provide necessary treatment to students, patients and/or families.

- Plan, coordinate, and participate in in-service programs to develop effective delivery of services.

- Counsel students or patients’ families in problem-solving.

- Provide consultation to the university community.

- Serve as liaison to various university departments; follow-up and make appropriate community resource referrals.

- Develop, manage, and participate in training program for social work practicum students.

- May provide functional supervision to student trainees.

- Perform related duties based on departmental need.

Minimum Qualifications

- Master’s degree in Social Work or related field, with two (2) years of supervised post-masters experience. State of Ohio Social Work license is required.
