International Education Week is an opportunity to celebrate the benefits of international education and exchange worldwide. Since its inception in 2000, International Education Week (IEW) has grown in size and scope to become a global event, with students, educators, and community leaders participating in a wide range of activities to celebrate the benefits of internationalism in our classrooms and educational systems.

This joint initiative of the U.S. Department of State and the U.S. Department of Education is an effort to promote programs that prepare Americans for a global environment and attract future leaders from abroad to study, learn, and exchange experiences in the United States.

**Documentary: “God Grew Tired of Us”**

Description: Three young men leave behind a land in chaos to find new lives in a thoroughly different culture in this documentary. As the African nation of Sudan fell into political disarray near the dawn of the 21st century, with unspeakable violence following in its wake, thousands of refugees attempted to flee the country, making their way into Kenya in hopes of earning passage elsewhere. Jon Bul Dau, Daniel Abu Pach, and Panther Bior were three such people who eventually came to the United States, and filmmaker Christopher Quinn spent four years following them on their journey in a new and unfamiliar land. "God Grew Tired of Us" begins in despair, relating a heartbreaking tale of harrowing mass murder and deadly privation, and ends in hope, showing how one changed life can positively affect the lives of so many others the world over. Narrated by Nicole Kidman. Come hear one of the survivors, Bol Aweng, speak in Great Hall on Tuesday (11.15.11) at 7:00 p.m.

Guest Speaker: Bol Aweng, Lost Boys of Sudan
Description: As a six year old boy, Bol Aweng fled his village in Sudan in 1987 when it was attacked, bombed and burned by government troops. While walking 1,500 miles to Ethiopia and then to Kenya, he survived attacks by government troops, starvation, illness and attacks by wild animals. Of the 35,000 Lost Boys that fled Southern Sudan, he was among the 16,000 who safely arrived in Kenya. He spent fourteen years in refugee camps until he was approved for resettlement in the United States by the United Nations High Commissioner for Refugees. He arrived in Nashville, Tennessee in 2001, worked at low wage jobs while earning an Associate Degrees in Computer Technology. He then moved to Columbus, Ohio to attend The Ohio State University. Bol became a US citizen in 2007 and graduated from OSU with a degree in Fine Arts in 2009.

Bol returned to his Southern Sudanese village of Piol in December 2007. It was a bittersweet reunion with family he had not seen in twenty years. Seeing his mother, meeting new siblings and being with aging grandparents was exceptionally gratifying. However he also learned details of family members who had not survived the destruction of his village. The living conditions in the village deeply concerned him. There were no buildings left after the bombing, only family tukals (huts) had been re-built. Families had very little food and there were no schools. Very few in the village could read or write, and only one person in the village had a job. The only health care was
provided by a young man who had a second grade education in English. He had a chair and a

card table and a small box of malaria medications, aspirin and cough syrup provided by UNICEF.

Come hear Bol describe how he is using his skills and experience to make a difference in his

Sudanese community. Now, Bol and others are determined to operate a health clinic to meet the

basic healthcare needs in their village. Learn more about this project at www.sudanclinic.org. To

learn more about the Lost Boys of Sudan, attend a showing of “God Grew Tired of Us” in the

cinema prior to the event.

to eternity. They describe the memory to the staff who work with a crew to film it and screen it at
week's end; eternity follows. 22 dead arrive that week, assigned to three counselors and a trainee.
One old man cannot find a memory, so he watches videotape of his life. Others pick their memory
quickly, and the film crew gets right to work. The trainee, 18-year-old Shiori, helps a teenage girl choose a memory other than Disneyland. The youthful staff have a secret and feelings, too, which play out, especially Shiori's affection for her mentor, Mochizuki.

**Movie: “Uc Maymun” Three Monkeys” Turkey**

**Description:** Winner of the Best Director prize at the Cannes Film Festival in 2008, THREE MONKEYS opens with an ambitious politician fleeing a hit-and-run accident in the dead of night. Afraid of hurting his election chances, he pays off his chauffeur Eyup to take the rap. While Eyup stews in jail, this devil's bargain takes its toll on his brooding son Ismail and restless wife Hacer, who falls into an illicit affair with the politician. Ismail's discovery of his mother's infidelity and Eyup's suspicions after he gets out of jail crank up the simmering tensions in a household already haunted by hidden ghosts. Leading Turkish director Nuri Bilge Ceylan shifts gears in this twisty tale while retaining his mastery of ambience, nuance and astonishing cinematography. The film stars Yavuz Bingol, Ahmet Rifat Sungar, and Hatice Aslan (1 hour, 45 minutes).
