All first-year students entering in the fall semester are required to attend this comprehensive day-and-a-half program. Parents and families play an integral role in the successful transition of their son or daughter to college. We have designed a special orientation for parents with a host of sessions and events that will explore the many changes parents face when their students go to college. Several general information sessions will address areas such as safety, health issues, financing college and life in the residence halls. Look for the Parents & Families Association presentation on Day Two!
