Advising Appointment
Recommendations
for Prospective Transfer Students

How do you best prepare for your advising appointment?

**Schedule an appointment.** To get the best advising, please consider scheduling an appointment in advance. You can schedule by contacting Pathways at 513.556.9000 or pathways@uc.edu.

**Transferology.** Create a FREE account with transferology.com. Transferology allows students to get information about course equivalencies, programs, courses, and degree audits among a number of participating institutions.

**Credits.** Send any unofficial transcript(s) to your advisor at least 48 hours in advance of your appointment. This allows your advisor to adequately investigate your credits so that you have the most detailed information available.

**Find your program.** Research programs offered at UC using uc.edu/programs. This program finder will provide you with admission criteria, curriculum requirements, and contact information for any major, minor, or certificate at UC.

**Stay in touch.** Communicate with your advisor the programs you are interested in pursuing. This will allow your advisor to compare your coursework with the specific programs you are considering.

**Meet with your advisor.** After utilizing these resources, come to your advising appointment prepared with any remaining questions.

What can you expect during your advising appointment?

Your advisor will:

- provide an unofficial evaluation* of your college transcript(s)
- apply your transfer credits to the UC program(s) you are interested in pursuing
- provide estimated coursework remaining for your degree

*You will receive an official credit evaluation from UC after you have completed your application. Please note that there may be some adjustments in your official credit evaluation compared to the unofficial evaluation that Pathway provides.
