

READING YOUR DEGREE AUDIT

- 1) Go to catalyst.uc.edu and log in with your 6+2 and password.

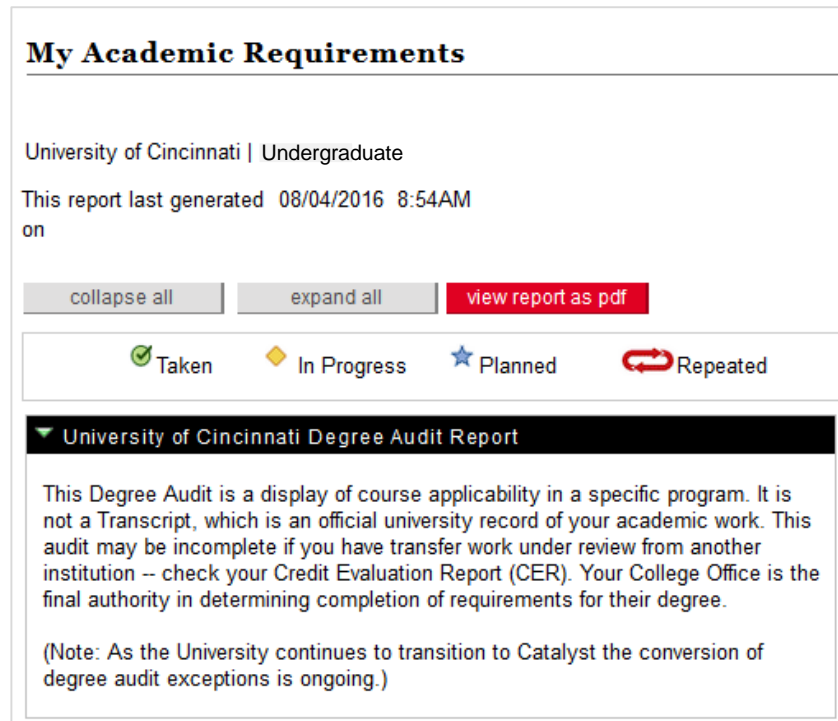

- 2) Click **Get My Degree Audit** under *My Academics*. The same link is also listed under your Academic Profile.

- 3) After clicking **View my advisement report** you will see your degree audit report in Catalyst. Expand each section for specific details, including GPA information, core courses, electives, and applicable hours.

You will see **Satisfied** or **Not Satisfied** listed under each section, letting you know you've completed requirements or still have additional coursework to take.

▼ University of Cincinnati Degree Audit Report

This Degree Audit is a display of course applicability in a specific program. It is not a Transcript, which is an official university record of your academic work. This audit may be incomplete if you have transfer work under review from another institution -- check your Credit Evaluation Report (CER). Your College Office is the final authority in determining completion of requirements for their degree.

(Note: As the University continues to transition to Catalyst the conversion of degree audit exceptions is ongoing.)

WHAT YOU CAN DO WITH YOUR DEGREE AUDIT:

- Double major? Now you can see all active programs in one report.
- Need to register for a class? Put needed courses in your shopping cart directly from the audit.
- Add "what-if" courses to your audit to see how they fit with your program.
- View transfer grades.
- Interested in changing majors? Run a "What-If" report to view the total requirements fulfilled for a different program.
- View classes for which exceptions were made listed under "Notes."
- Create and print a PDF of your audit.

That's it! You've just learned how to get your degree audit in Catalyst!
