Understanding Your Bill

This guide will help explain the basic parts of your UC bill.

TUITION & FEES

- Instructional Fee
- General Fee
- Information technology & Instructional Equipment Fee
- Campus Life Fee
- Program Fee (select majors)

UC tuition is comprised of four required fees. The **Instructional fee** covers costs associated with instruction and classroom time including classroom supplies and materials. **General Fees** are used to allocate funds for non-instructional student services and activities. The **Information Technology and Instructional Equipment Fee** is used to fund access to the university's information technology. The **Campus Life Fee** covers campus recreational and entertainment facilities as well as programming. **Program fees** are college-specific and varies based on the major/program.

TERM SCHEDULE & COST PER CLASS

- Actual cost per class for part-time enrollment
- Estimated full-time tuition cost per class when enrolled FT

Full-time tuition and fees are billed at a flat rate based on the student's academic program. Although fees are charged at a flat rate, this section provides an **estimated** breakdown of the cost per class for your convenience. Students enrolled **part-time** (11 credits or less for undergrad and less than 10 for graduate students) are billed at the **actual** tuition rate per credit hour listed.

Note: These amounts may change based on enrollment changes.

OTHER CHARGES

- Health insurance fee
- Housing and meal plan fees
- Other miscellaneous charges

Any **additional charges** that are assessed outside of the required tuition and fees are listed in this section. These charges are assessed to students that elect to enroll in specified university services or programs.

Students are **required** to have health insurance coverage when enrolled for at least 6 credit hours. This coverage can be **waived** if you are currently enrolled in a qualified health insurance plan. A waiver request must be submitted to exclude the charge.
