I-LEAP

I-LEAP is an innovative student assessment tool. It allows external reviewers to record observations of learning outcomes and skills that undergraduate students demonstrate in experiential learning environments.

- With I-LEAP we can track student progress in different disciplines and types of experiential learning.
- I-LEAP provides a rich source of information to drive curricular improvement.
- Multiple external reviewers validate student achievement.
- I-LEAP goes beyond a "performance evaluation." It also assesses core competencies, including critical thinking, effective communication, knowledge integration, social responsibility, leadership, accountability, responsibility, teamwork, and more.
- I-LEAP recognizes outstanding work and sends signals about the kind of student you are seeking.
- Need data for a grant? We can add questions for you!
