A change also was made in paragraph (G) regarding graduate student reciprocity for Kentucky residents since graduate students are no longer included in the program.

C. Medical Affairs Committee

1. Operating and Affiliation Agreement between the University and the Heath Alliance

The Board of Trustees approved a new Transition Agreement reflecting the agreement to “de-link” the Health Alliance-University of Cincinnati
(HA-UC) Agreements from the Proposed Amended Joint Operating Agreement (JOA) by eliminating the requirement that execution of the HA-UC documents and approval of the Revised University Hospital, Inc., Code of Regulations (UHI COR) be deferred until the Proposed Amended JOA is also approved. The Board also approved certain modifications to the Revised UHI COR and the HA-UC Agreements, and also agreed to formally amend the existing lease for the Goodman Garage to document a prior understanding concerning the future use of this property.

2. Drake Reorganization

The Board of Trustees approved the Reorganization Agreement among the Health Alliance of Greater Cincinnati; the University of Cincinnati; Hamilton County, Ohio; and Drake Center, Inc. (DCI). The reorganization plan contemplates that the Health Alliance will assume ownership of Drake Center, Inc., and thereby obtain control of its hospital and other affiliates at a closing that is scheduled for June 30, 2006.

As part of the reorganization, the Health Alliance will cause DCI to exercise its option under the existing operating lease to purchase the leased real estate and buildings at an option price to be determined in accordance with the appraisal-based formula set forth in the lease. The reorganization agreement further provides that the Health Alliance intends that DCI will continue as a tax-exempt charity with a mission of operating a long-term acute health care facility with significant emphasis on rehabilitation services, which will admit patients based on medical assessment, regardless of ability to pay or source of referral, and that DCI will perform its mission in a manner that does not discriminate based on race, creed, color, or national origin.

D. Finance Committee

1. Lease of Stetson Square Office Space Located at Martin Luther King Drive and Highland Street

The Board of Trustees approved the lease of approximately 60,000 NSF of office space and 200 parking spaces in an underground garage at the Stetson Square development located at Martin Luther King Drive and Highland Street. The lease will be for 25 years and cost the university approximately $2.4 million annually. The Board approved the use of this property as office space for the College of Medicine to relocate numerous functions from the Medical Sciences Building. This will be a permanent relocation of staff to the King/Highland office and retail building. The Board also approved the use of the property as office swing space to support the needs of the university community.
2. Check Signature/Countersignature and Wife Transfer
   Initiation/Verification Authority

   The Board of Trustees approved a resolution updating the list of
   individuals authorized to sign/countersign checks and initiate/verify wire
   transfers to reflect recent title and responsibility changes.

3. Contract with Telecommunications Partner to Provide
   Extended Call Phone and Wi-Fi Services

   The Board of Trustees approved a contract with Cincinnati Bell to
   establish a partnership between them to provide differentiated cell phone
   service, one tailored to the needs and requirements of the faculty, students,
   and staff. It also includes extensions to the current Wi-Fi (data service)
   environment.

   This partnership develops a leading-edge telecommunications
   infrastructure for the UC Uptown Campus and its adjacent environs,
   including ubiquitous cell phone service and Wi-Fi hotspots throughout the
   region. The project will be considered by the Uptown Consortium
   partners for extension to the Uptown region. The financial model is based
   on UC providing wireless customers to Cincinnati Bell in return for
   infrastructure, and has limited financial exposure to the university.

Any questions regarding these actions should be directed to the appropriate Vice
President.

Copies of the minutes of the January 24, 2006, meeting will be published on the Board of
Trustees Web page at the University of Cincinnati Web site after approval at the next
