IBM SPSS Sample Power for Windows Licensing Information

The Single User Authorization Code can be used to install Sample Power on one computer. Licenses are tied to your computer with a lock code. If you replace your computer or hardware, you will need a new Authorization Code. The license is sensitive to time changes.

Before You Start

Please make sure the following is available before you start the installation process.

1) The software DVD.
3) Internet connection for licensing.

Installation Instructions

1. Insert the DVD in your DVD drive. At AutoPlay click ‘Open folder to view files’.
   On Windows Vista or Windows 7 you must run the AutoPlay as administrator.
   OR
   • Close the AutoPlay window that automatically appeared when you inserted the DVD/CD.
   • Using Windows Explorer, browse to the CD/DVD drive.
   • Navigate into the folder named IBM SPSS SamplePower V3.0.
   • Right-click SPSS_SamplePower_3_win_en.exe in the Windows subfolder and choose Run as Administrator.
   • On the AutoPlay menu, click Install.
2. Select ‘Single user license’. Click Next.

3. Type in your user name, put “University of Cincinnati” without quotes in the Organization field. Click Next.

4. The next window shows you the path on your drive where the software will be installed. You can change the path, if you wish (not required), by clicking the button Change. Click Next once done.
5. Click Install if you do not want to go back and change anything thus far.

6. Screen shows the installation progress. You are not required to do anything on this screen.

7. Click OK when you are ready with your authorization code.
8. Select ‘License my product now’ to enter the authorization code.
