IBM SPSS Visualization Designer for Windows Licensing Information

The Single User Authorization Code can be used to install Visualization Designer on one computer. Licenses are tied to your computer with a lock code. If you replace your computer or hardware, you will need a new Authorization Code. The license is sensitive to time changes.

Before You Start

Please make sure the following is available before you start the installation process.

1) The software DVD.
3) Internet connection for licensing.

Installation Instructions

1. Insert the DVD in your DVD drive. At AutoPlay click ‘Open folder to view files’.

On Windows Vista or Windows 7 you must run the AutoPlay as administrator.

   OR

- Close the AutoPlay window that automatically appeared when you inserted the DVD/CD.
- Using Windows Explorer, browse to the CD/DVD drive.
- Navigate into the folder named IBM SPSS Visualization Designer V1.0.3.
- Right-click SPSS_VizDesigner_103_win_en.exe in the Windows subfolder and choose Run as Administrator.

- On the AutoPlay menu, click Install.
2. Click Next.

3. Select "I accept..." and click Next.

4. Select ‘Single user license’. Click Next.
5. Next window shows you the path on your drive where the software will be installed. You can change the path, if you wish (not required), by clicking the button “Choose”. Click Next once done.

6. This screen gives you a number of options to choose a location where the product icons would be created. Choose and click Next.

7. Click Install if you wish to change nothing so far.
8. Select ‘License my product now’ to enter the authorization code.

9. Enter your 20 digit code. Click Next.

10. Click Next once the authorization succeeds.
11. This screen concludes the installation and authorization process. Click Finish to complete.
