PRESENTATION TOPIC: **The Darwin Bootlegs**

The total Darwin Archive consists of more than 15,000 letters and several thousand bits of papers with notes and observations. These letters and notes reveal aspects of Darwin that were not disclosed in his published writings. This presentation will examine some of these notes to reveal unknown facts about Darwin and his thinking.

GUEST SPEAKER:

Dr. Gene Kritsky

Professor of Biology at the College of Mount St. Joseph and Adjunct Curator, Cincinnati Museum Center.

Dr. Kritsky has been researching and lecturing about evolution and the cultural impact of Darwinism for more than 25 years. A fellow in the American Association for the Advancement of Science and a Fulbright Scholar, his research has attracted national attention.
