

Career Employment, Short-term Employment, Internships and Volunteer Opportunities Abroad

Numerous brochures and pamphlets detailing other internships and volunteer opportunities are available in the UC International Study Abroad Resource Library.

Directory of International Internships, (Available in the UC International Office)

This book gives information about short-term internships. They are listed by geographic area and area of expertise. Some internships are paid, others are for credit and unpaid. Topics include: the benefits and disadvantages of an international internship, the search process, and selecting the right internship for you.

GRADUATE PROGRAMS ABROAD

Many students decide to pursue their full time graduate degree abroad. Programs are generally 1-2 years long and it's usually better to go for an MA, PHD or MBA abroad than JD or MD because of accreditation standards. Graduate programs can be worldwide. <http://international.gradschools.com/> or <http://www.collegeabroad.com/>
