02700D - SEWERAGE AND DRAINAGE

A. On some projects, it might be desirable to make this work a part of the Plumbing Contract. Consult with University Project Manager.

B. Opening Protection: Install removable bars or grilles at open ends of culverts, drains and pipes 10 inch diameter and larger to prevent access by children or animals.

C. Manhole covers shall be heavy duty ductile iron, 36” minimum diameter.

END
