SECTION 05500D - METAL FABRICATIONS

A. Pipe bollards, guardrails, and other protective type exterior metal fabrications shall be fabricated from hot-dip galvanized steel. Do not paint such items, unless required by the University’s Master Plan.

SECTION 05510D - METAL STAIRS

A. Egress stairs in parking garages shall be constructed of hot-dipped galvanized steel (enclosed) frame with fully welded rails and supports. Threads shall be metal pan with cast concrete fill.

B. At least one (two preferred) exterior wall(s) of stairwells shall be glass to provide visual access for security purposes.

C. Where egress stairs are enclosed the enclosure shall be weather-tight.
