Your finished piece will be approximately 4” in diameter and 10” tall. Bring a few of your own plant sprigs or use those provided by the studio.

Landlord Fundamentals

Do you already own rental units or are thinking of becoming a landlord? Being a landlord is so much more than just collecting the rent. Those who are unaware of their responsibilities can find themselves with legal difficulties that create just the opposite situation from the income-producing project they imagined. Likewise, failure to properly select and manage tenants can turn a small side venture into a time-consuming nightmare. Focus on basic principles and strategies to guide you through your rental enterprise. Topics include: complying with responsibilities through federal, state (Ohio), and local laws; identifying ways to reduce liability, decrease evictions, and reduce crime and damage to rental units; implementing landlord rights; and operating rentals as an effective business.

Nancy Dashner is a landlord and trainer. As a rental property owner herself, she discovered that managing rentals was not an inherent ability; yet there was no manual to consult. Through practical experience, study, and much research, she developed her own unique and structured approach to “land lording” as a business.

Weight Loss Hypnosis
Our focus is weight loss; however, with hypnosis, there is no “diet.” The premise is that overeating is a habit and hypnosis can stop the habit. Begin by identifying the stressors in your life and be hypnotized for stress reduction. The next week, explore what habits control your eating and be hypnotized to change those habits. Finally, discuss ways to make exercise a safe, healthy and enjoyable part of your day. A third hypnosis helps instill the desire to incorporate exercise as part of your life. Change your life as you experience hypnosis as a tool to reduce stress and change eating and exercise habits.

Tenor Banjo or Mandolin for Beginners
Maybe you're interested in playing chords along with your favorite songs, or you want to learn a few Irish or bluegrass tunes and jam with your friends. With an Irish-style tenor banjo or a mandolin you’ll have it all — you can play chords for accompaniment or take the lead with melodies. This is a course for those who have never played before and are looking to build a solid foundation on either of these instruments. Note that the five-string banjo is tuned and played differently than the tenor banjo and is unsuitable for this course.

Justin Bonar-Bridges has played in the celebrated Celtic band Silver Arm; and he has taught various stringed instruments for over a decade.
Thurs., 5:15–6:15 pm; April 3–May 8; 6 wks; $139 (no discounts), plus you will need to bring to each class a tenor banjo or a mandolin, an electronic tuner, and a simple recording device; #4219-01

Ukuleles aren't just for luaus! You’ll be amazed at the variety of styles you can play — from blues and country to pop and light rock. After mastering the fundamentals (tuning, holding and finger placement), we’ll focus on really getting comfortable with your instrument. Watch, listen, and play along as you build on the basics of chords, strumming, playing up the neck, and trying out some variations and tempos. No musical experience needed. Bring your ukulele and let’s make some music!

Saul Meyerson-Knox, MM in classical guitar performance with UC’s College Conservatory of Music would love to get you playing that ukulele.
Tues., 6:40–7:55 pm; April 8–May 20; 7 wks; $159 (no discounts), bring your own ukulele (soprano, concert, or tenor – no baritone) and text for Hal Leonard Ukulele Method Book 1 with audio CD (only about $9); #4214-01

Ukulele Workshop
Pacific Islanders have played the ukulele for years. Portuguese sailors who played the ukulele spread the instrument throughout the pacific region. In this workshop, you will learn to play this fun 4-stringed instrument. Receive your own ukulele to take home and learn to play at least 7 songs. Please note that uniformity is a key feature of this unique workshop; even if you already own an instrument, it will not be suitable to use it during this class. You will learn to strum the instrument properly, tune the ukulele in both standard and open tuning, and learn how to read a chord chart. No prior musical training or experience is necessary.

Taught by Joe Zsigray.
Sat., 3–5 pm; May 3; $39 (no discounts), plus $40 materials fee payable to instructor in class, includes handouts, music and ukulele (this is the instrument you will all learn on in class and keep); #5235-01

**TOEFL iBT Preparation**

The Test of English as a Foreign Language (TOEFL) is used to measure English language proficiency. It is the most accepted test in the world; and Internet-based testing has made it even more accessible. This course will help you prepare to take the TOEFL as you focus on the main features of the test, test-taking strategies, exercises, and practice. We will cover the types of skills evaluated by the various sections of the test, including reading, listening, writing and speaking.

*To register for the TOEFL iBT test with UC call 513-556-7173 or see uc.edu/testingservices.html

**SAT Preparation**

Gain confidence and make the most of your potential by studying strategies for taking the SAT and by reviewing topics covered by the SAT. You will learn specific techniques for taking the math, writing and reading comprehension parts of the test. Discover how the test is structured, effective methods for solving each problem type, and what to expect. Acquire an arsenal of tools to help you succeed, including how to use a process of elimination, construct a well-defined essay on test day, plan your critical reading passage strategy, and decide how to handle the conundrum “to guess or not to guess.”

Allen Feibelman has taught over 1000 hours of test prep and has won awards for teaching college English at UC and at Chatfield College. His personalized approach in the classroom provides maximum support for your preparation.

Designed for You
Our courses are designed for anyone interested in learning something new. Classes are short-term and focused to accommodate busy schedules. Truly “learning for learning’s sake,” we offer a no-pressure option (no tests, grades or papers) to continuing education for all adults. We also extend a welcome to high school students interested in Mini Medical College, test preparation classes, plus some of our special topics just for teens.

Class Changes
We don’t like to make changes, but sometimes it’s unavoidable. We reserve the right to change times, locations or instructors. If we must cancel a class, we will make every effort to notify you immediately. Please provide daytime phone numbers so that we may contact you. You may then choose to transfer to another class or receive a full refund.
