Single User Workstation Installation Instructions

System Requirements

Operating system: Microsoft® Windows XP (Professional, 32-bit) or Vista (Home, Business, 32-bit), Windows 7 (32-bit). Windows 2000 is not a supported platform.
Memory: 256 MB RAM minimum, minimum free drive space: 125 MB

IBM SPSS AMOS for Windows Licensing Information
The Single User Authorization Code can be used to install AMOS on one computer. Licenses are tied to your computer with a lock code. If you replace your computer or hardware, you will need a new Authorization Code. The license is sensitive to time changes.

Before You Start
Please make sure the following is available before you start the installation process.
1) The software DVD.
3) Internet connection for licensing.

Installation Instructions
1. Install .Net Framework 4.0 if your machine does not have it installed already. Here’s a link: http://www.microsoft.com/en-us/download/details.aspx?id=17851
2. Insert the DVD in your DVD drive. At AutoPlay click ‘Open folder to view files’.
   On Windows Vista or Windows 7 you must run the AutoPlay as administrator.
   OR
   • Close the AutoPlay window that automatically appeared when you inserted the DVD/CD.
   • Using Windows Explorer, browse to the CD/DVD drive.
   • Navigate into the folder named IBM SPSS AMOS 21.0.
   • Right-click SPSS_Amos_21_win32.exe in the Windows subfolder and choose Run as Administrator.
   • On the AutoPlay menu, click Install.
3. Select ‘Single user license’ by clicking on the radio button. Click Next.

4. Select ‘I accept...’ Click Next.

5. Type in your user name, put “University of Cincinnati” without quotes in the Organization field. Click Next.
6. The next window shows you the path on your drive where the software will be installed. You can “Change” it, if you wish (not required). Click Next once done.

7. Click Install.

8. Screen shows the installation progress. You are not required to do anything on this screen.
9. Click OK when you are ready with your authorization code.

10. Select “License my product now” to enter the authorization code.

11. Enter Your 20 digit code in the space provided, as shown. Click Next.
12. Click Next once the authorization succeeds.

13. This screen concludes the installation and authorization process. Click Finish to complete.
