Astrology Myths

- 1) Astrology came before Astronomy
- 2) Astrology is aligned to observations of the sky
- 3) Astrology uses stars and constellations

What could the ancients observe?

- Sun
- Stars
- Moon
- Planets
- PATTERNS

What you observed up there
directly helped you predict a lot of
what was going to happen down
here. If the stars could signal the
behavior of the land, sea, air, the
flora and fauna, shouldn't it be able
to help signal the behavior of
humans?

**THE NEVER FAILING DR. RA-
PHAEL** is the best. He succeeds when all others have failed.

All Who Are In Trouble;

All who have been unfortunate; all whose fond hopes have been disappointed, crushed and blasted; all who have been seduced by false promises and deceit; all who have been deceived and trifled with, all go to him for advice and to get satisfaction. He makes your misfortunes pass away; he makes the slander and envy of your enemies all harmless, and he sustains your character and respectability in spite of evil reports and rumors. All who are in doubt of the affections of those they love, consult him to relieve and satisfy their minds, and to find out if their bright and warm hopes will be realized.

In Love Affairs He Never Fails.

He has the secret of winning the affections of the opposite sex. He guides the single to a wealthy and happy marriage, and makes the married happy. His aid and advice has been solicited in innumerable instances, and the result has always been
