Post-Graduation Outcomes for the Class of 2018-2019

All Colleges Combined

The University of Cincinnati’s Division of Experience-Based Learning and Career Education, in collaboration with Institutional Research, presents the following data on undergraduate alumni using standards set by the National Association of Colleges and Employers (NACE).

Data covers individuals who completed a baccalaureate degree in the 2018-2019 academic year (Summer 2018, Fall 2018 or Spring 2019).

Status

We have information for 83% of graduates. Of those:

- 73% Employed
- 22.6% Continuing Education
- 3.5% Unemployed
- 0.9% Not seeking

Average Salary

$47,132

Regarding salary data:

- Average salary is the average of salaries collected or reported over the past three years, which gives a more stable and reliable figure than the average for a single year.
- We do not determine whether a graduate’s reported job title is related to his or her academic degree. To remove bias, and in accordance with NACE guidelines, if a graduate reports that he or she is working full-time, their salary is included.
- Figures reflect base salary and do not include bonuses, commissions, fringe benefits or overtime pay.
