Becoming a Provost Academy, 2022-23, American Academic Leadership Institute, American Association of State Colleges and Universities (AASCU)

I. RECENT PROFESSIONAL AND ADMINISTRATIVE EXPERIENCE

University of Toledo College of Nursing, Toledo, Ohio

Dean, 2017-2023

(State of Ohio RN Licensure: RN442765)

Professor (Tenured), 2017-Present

- Active member of Provost's Dean's Council.
- Oversee all aspects of College of Nursing academic and research programs, faculty and staff workload and personnel issues (both groups unionized-AAUP, AFSME), undergraduate and graduate student issues and services, CON facilities, interprofessional collaborations, clinical placement sites, and community partnerships.

- Responsible for approximately \$9 million budget; 40+ faculty members, 20+professional and support staff, 80+ part-time clinical instructors. In process of converting (whole University) to an RCM-like budget model.
- Strong shared governance model: Dean's Executive Team, College of Nursing Leadership Team, College of Nursing (Faculty) Council, shared governance committees.
- Developed (in collaboration with CON leaders and faculty) comprehensive Strategic Plan for the College; review annual goals and progress.
- Led highly successful CCNE accreditation visit in 2019 resulting in full 10-year accreditation of all College of Nursing programs, maximum 5-year accreditation of new UToledo BSN program.
- Oversaw successful pre-survey self-study report and comprehensive site visit in July, 2022 by Ohio Board of Nursing resulting in re-approval of our pre-licensure BSN and Graduate Entry Master's programs.
- Implemented innovative programs to increase enrollment such as Dual Enrollment agreements with community colleges in Ohio and California, Guaranteed Admission Initiative, Group discount for NP program; increased role of marketing/communication specialist and increased marketing, recruitment programs, strong focus on increasing visibility of our College locally and nationally
- Prior to the pandemic, with the above efforts, we were very successful in increasing our enrollment (even while enrollment declined across other colleges. From 2016-2020, increased our BSN enrollment by 33%, our generic master's entry program by 53% and our nurse practitioner programs by 53% with continuing high retention. Because of this level of success, was appointed to a University "Enrollment Management SWAT Team" to explore ways to enhance overall University enrollment.
- In 2021-22, the pandemic and associated issues brought a decline in enrollment in most nursing schools in the State, including ours. Implemented new initiatives to respond including innovative Bacc2DNP program aimed at high school students, part-time options for various programs, increased all online programs, specialty certificates.
- Using a strong shared governance model, successfully completed major curriculum enhancements, created first Competency-Based Education RN to BSN program in the State, major updates and revisions of Graduate Entry Master's Program, and Doctoral of Nursing Practice Program; overseeing implementation of AACN Essentials across all levels.
- Orchestrated major needed "climate change" in the College when I first arrived with many team building strategies, developed with faculty and staff professional behavior expectations, enforced these, and now continue to promote a positive culture of civility, support, and excellence.
- Revised and increased standards in our promotion and tenure guidelines (via a participative process with our faculty and AAUP union that included 11 faculty forums); promoted faculty and student scholarship; increased publications, presentations.
- Maintain and promote strong focus on diversity, equity, and inclusion---orchestrated College Diversity Plan (updated in 2023) , appointed new Diversity, Equity, Inclusion Officer, launched extensive "curriculum mapping" of DEI content with faculty in all levels of CON programs, supported student organization "Diversity Nurses Association", hold forums, panels, Town Hall at College level., conducted faculty/staff educational programs; host high-profile interprofessional conferences on issues related to health disparities, SDOH, LGBTQ+ health , etc. , developing an alumni mentoring program to provide supportive mentors and role models for underrepresented students.
- Developed new programs responsive to community and workforce needs including a new acute care nurse practitioner program and a revised graduate entry master's program (a pathway into nursing for those with degrees in other fields).
- With calm, positive, creative leadership, guided faculty, staff, and students in "rising to the challenge" of the COVID-19 pandemic; orchestrated a successful "early graduation" of our

students in the spring of 2020 to meet area hospital workforce needs as we entered our "first wave" of the pandemic; trained over 100 students in contract tracing to assist our local health department, promote active student involvement in vaccination efforts. Co-led the University COVID Operations Team.

- Developed a CON newsletter during COVID to promote communication and connectedness.
- Developed and implemented marketing plan for the CON in collaboration with Marketing/Communications staff and continue to expand and improve this.
- Forging stronger alumni relations in conjunction with the University Alumni Office.
- Have worked with several new Directors of Development and Advancement staff to grow the CON Development enterprise that was previously non-existent; soliciting new donors, working with the Foundation to garner and administer scholarships and to solicit and administer student and faculty research funds.
- Implemented a comprehensive academic-practice partnership with Pro Medica Health System Nursing that gives us first choice priority on all clinical placements, (a "game changer" that has helped facilitate our growth) and in initial years provided collaborative research and evidence-based practice opportunities for our faculty and students. Partnership included collaborative interprofessional faculty research grant funds --\$200,00/year for five years, 2018-2022.
- Have a Lead role in Community partnership with ProMedica Ebeid Children's Hospital and Ronald McDonald of NW Ohio on successful \$500,000 grant for a Care Mobile to provide mobile services to vulnerable infants and children in NW Ohio. Now working on operationalizing the logistics and implementation of the partnership and the clinical services, including working with our respective Development/Advancement staffs to raise additional operational funds through philanthropy.
- Also have forged a strong academic-practice partnership with new leadership at the UTMC which encompasses a number of joint programs, shared recruitment events, CE programs, student support.
- Spearheaded Summit on the Nursing Workforce Shortage in NW Ohio on June 6., 2023; invitational event for University Presidents, Dean and Directors of schools of nursing and Presidents/CEOs and CNOs of area hospital and health-care facilities, State Workforce leaders, other stakeholders to craft a regional plan to collaboratively address the shortage of nurses and of nursing students in our region.
- Strong focus on increasing the visibility of the CON; supporting faculty and student travel to regional, national, international meetings, television interviews and media articles about CON activities; assumed high profile leadership roles in national and international venues that spotlighted the CON.
- Increased U.S. News & World report ranking of master's program 99 rankings (to 92) over 4 years, DNP program ranking in 2024 also increased (to 121).
- Represent College in international leadership position as elected President of the International Network for Doctoral Education in Nursing (INDEN).
- Active member, Ohio Council of Deans and Directors of Nursing Schools
- Invited Member, The Hospital Council of Northwest Ohio Healthcare Workforce Shortages Task Force, 2021-22.

University of Toledo, Toledo, Ohio
Vice-Provost for Health Affairs for Interprofessional and Community Partnerships
2019-2023

- Active member of the Provost's Staff/Cabinet.
- Work with Provost and coordinate with health science deans (nursing, medicine, pharmacy, health and human services, Graduate school) in relation to academic affairs and clinical training issues related to the Health Science Colleges.
- University-wide co-leader in setting policies and coordinating responses to the COVID pandemic working directly with President, Provost and Senior Vice-Provost to decide policies, plans, and communications; provide oversight of all operations and logistics for COVID testing and vaccinations, coordination of clinical policies and guidelines across all health programs; co-leader on the University COVID Pandemic Operations team.
- Co-Chair President's University/Community Partners Opioid Task Force, collaborating with faculty across the University and community partners (including Health Commissioner, Sheriff, offices of mayor and state and federal legislators, clinical providers, patient, and family advocacy groups, on educational events, policy conferences, coordination of clinical services, etc.).
- Spokesperson for the University in numerous television interviews, media articles about Opioid Task Force and other high-profile topics and events.
- Presidential appointment to chair the University Social Determinants of Health (SDOH) Task Force, representing UToledo in APLU Urban Serving Universities project; collaborating across all Colleges, ProMedica health, and other community partners; promotion and facilitation of, interprofessional research, development of interprofessional graduate certificate, developed "Introduction to SDOH" module being implemented as part of all health specialties at UToledo,
- PI on a three-year SAMHSA grant to provide Mental Health First Aid (MHFA) training to University students, faculty, and staff and community agencies.
- Developed community partnership with the Lucas County Mental Health and Recovery Services Board and Pro Medica Health on a collaboration to train more instructors and extend our MHFA classes to wider areas of the community and the Pro Medica system.
- Initiated and chair, University-wide Mental Health Response Team; brings representatives from across the University together to plan and implement mental health programming, coordinating across service
- Initiated and overseeing JED Campus partnership to extend mental health and suicide prevention programming.

University of Toledo, Toledo, Ohio
Executive Director of University Campus Health Services; Rocket Health
2022-2023 (Inaugural Interim Director, Dec., 2020- 2022)

- Charged with developing an organizational structure and bringing under one umbrella all University Health Services that had been previously "siloe" in various departments: University Health Clinic (negotiated contract with University of Toledo Physician's Group), University Counseling Center, Main Campus Pharmacy, Health and Wellness educators, Sexual assault counselors and have successfully done so. These areas are now all my direct reports.
- Expanded services to include all student's faculty, and staff, negotiating many political issues, breaking down territorial barriers and forging a cooperative working team.
- Developed and responsible for approx. \$3 budget supporting these services including State mental health grant.

- Oversight of JED Campus initiative to enhance mental health promotion and suicide prevention efforts on campus.
- University Health and Wellness efforts received Healthy Worksite Award recognition from the Healthy Business Council of Ohio- (Bronze, 2021; Silver, 2022) ; also Gold Level recognition from the Exercise is Medicine® On Campus Committee (EIM-OC) of the American College of Sports Medicine (2023).
- Additional responsibilities as Co-Director (and then Director) of University COVID Pandemic Response including oversight of University Testing operations; lead role in coordinating with IT on development and implementation of University vaccine registry.
- Added counselors to bring Counseling Center in compliance with counselor to student ratios specified by accrediting body.
- Coordinated a re-branding as “Rocket Health” with expanded scope of services for not only students, but also faculty and staff.
- Oversight of all clinical operations including COVID testing for students, faculty, and staff, COVID vaccinations, clinical care for students ill with COVID, working with top University leaders (President, Provost, Senior Vice-Provost) to make executive-level leadership decisions and plans regarding the pandemic, including contact tracing, safety measures, mask, and vaccine mandates, ordering of test and supplies, providing workforce for COVID-etc.
- Collaborate with University leaders in setting policies regarding other vaccine and health requirements, e.g., new policy to require influenza vaccine for all students and staff.

University of Massachusetts Amherst

College of Nursing, Amherst, Massachusetts

Associate Dean for Academic Affairs, Graduate Program Director, 2012-2016

Professor (Tenured), 2012-2017

- Senior member of Dean’s Executive Leadership Team.
- Oversaw all academic affairs personnel and activities; responsible for all academic programs, BSN through PhD in terms of curriculum, quality monitoring, led group of Program Directors in making all faculty teaching and workload assignments, conducted evaluations of all faculty pursuant to faculty union (MSP) contract.
- Supervised all Student Affairs personnel and activities, including recruitment, admissions, progression, graduation.
- Spearheaded major curriculum-strengthening revisions of the PhD (live, synchronous distance), DNP (large, online), and BSN programs.
- Spearheaded activities that led to a 30% increase in student enrollment and a 36% increase in faculty over 4 years.
- Supported faculty in incorporating team-based learning, flipped classrooms, and other active learning strategies.
- Chaired the Steering Committee for a project approved by the UMass Board of Governors as a pilot for the whole 5-campus UMass system to implement iPads as a primary modality of teaching and learning; a "paradigm shift" necessitating extensive faculty collaboration, education. and support for this ongoing intensive, successful endeavor.
- Functioned as the lead administrator working with architects to design a "community health/home visit" simulation apartment and telehealth training laboratory at our new UMass Center in Springfield, MA.

- Wrote and obtained funding for a HRSA ANE grant to add depth in behavioral health and interprofessional collaboration in our primary care DNP programs and implemented an interdisciplinary graduate certificate in Complimentary and Integrative Health and worked on a similar one focused on Veteran's Health. We also increased our student diversity in these programs from 27% to 35%.
- Planned, implemented, and evaluated continuing education workshops and programs.
- Successfully led the CCNE re-accreditation of the DNP Program in 2014 and completed the CCNE CIPR mid-term Report in 2015.
- Conducted a community/state/national needs assessment that pointed to the need for mental health clinicians and under my leadership, reopened our psychiatric-mental health NP program at the DNP level.
- Crafted a successful program including devoted faculty time (part of their teaching assignment) and weekly meetings for students in our RWJF New Careers in Nursing Program aimed at underrepresented and economically disadvantaged student in our accelerated second bachelor's program. With our supportive program, these students (usually categorized as high risk) achieved a 100% retention, on-time graduation and first time passing of the NCLEX exam-better stats than for our "usual" students!
- Served as a member of University's management negotiating team negotiating with the Massachusetts Society of Professors (union) for a new clinical track in the College of Nursing.
- Developed community partnerships in rural Western Massachusetts with clinical agencies and local Health Boards.
- Represented College of Nursing on University-level committees and task forces.
- Collaborated with Dean in budget management and in negotiating corporate partnerships with telehealth, simulation, and monitoring equipment companies and meetings with donors.

Wayne State University College of Nursing, Detroit, Michigan

Assistant Dean, Family, Community, Mental Health (FCMH), 2007– 2012 (Interim, 2006)

- Served as member of Dean's Executive Leadership Team.
- Responsibility for approximately 30 FT faculty and over 100 part-time clinical instructors in areas of women's health, midwifery, pediatrics (acute and primary), neonatal nurse practitioner, psychiatric-mental health, and these specialties in each program: BSN, accelerated second degree (CD2) program, MSN, DNP, PhD.
- Changed the morale and culture of the FCMH division, combining three previously separate areas with low morale and individual functioning into a strong, coordinated functioning team with higher job satisfaction, morale, and productivity.
- Responsible for teaching assignments, faculty workload, evaluation, progressive discipline, working in unionized environment (AAUP-AFT).
- More than quadrupled enrollment in the Family, Community, and Mental Health graduate specialties in 4 years with enrollment continuing to increase at the time I left in both master's and DNP programs.
- Established community and state-wide partnerships to address workforce needs in the areas of psychiatric mental-health and community health and grew two almost dormant programs ready to be closed into vibrant programs producing NP's to meet workforce needs in the State.
- Promoted increased use of clinical simulation in various undergraduate and graduate programs; partnered with CHM nurses and physicians in use of simulation as an interdisciplinary training modality.
- Developed a successful innovative distance education network originally as part of my HRSA

grant focused on neonatal and pediatric primary care NPs and opening the State's only pediatric acute care NP program Using live video-conferencing technology, we set up a network of 4 outreach distance learning centers (in Kalamazoo, Grand Rapids, Marquette, and Flint) with the goal of increasing access to graduate education to nurses across the State as well as educating APN's who could address unmet health care needs and priorities in medically underserved areas of the State.

- Obtained funding for two additional HRSA training grants and two federal earmarks (per Congressman Fred Upton-R) to provide scholarships for graduate psychiatric-mental health and community health students in the Kalamazoo area.
