## OHIO RESIDENTS

Residency for tuition rules and requirements are determined by the State of Ohio in accordance with Ohio Revised Code 3333.31 and Ohio Administrative Code 3333-1-10. There are many requirements for Ohio residency for tuition in addition to one year of Ohio domicile. If classified as a non-resident for tuition, your student must apply for reclassification and provide required documents for determination.

### Military & Veteran Students/ Dependents

The State of Ohio offers specific residency classifications for military and veteran students or dependents. Section 702 of the Veteran's Choice Act requires students to be a covered individual, receive benefits, and be living in Ohio by the first day of term to be eligible for the in-state tuition rate.

### Selective Service Requirement

Almost all male US citizens, regardless of where they live, and male immigrants, whether documented or undocumented, residing in the United States, who are 18 through 25 years of age, are required to register with Selective Service within 30 days of their eighteenth birthdays.

Ohio students who are required to register with the US Selective Service—but have not done so—are ineligible for in-state tuition rates. Under the law, Ohio colleges and universities are required to charge such students the non-resident tuition rate.

## HOW TO REGISTER FOR SELECTIVE SERVICE

### Have Your Student:

1. Register for Selective Service.
2. Verify—and update if necessary—their Social Security Number in UC's records, so we can automatically collect their Selective Service information.
3. Look out for any emails in their UC email coming from the Residency Team. We may need them to submit their Selective Service registration number if we are unable to automatically collect it.

If your student is not automatically granted a discounted rate, they will need to complete an electronic Indiana Residency Application (found on our website).

### Kentucky Residents

If your student is a Kentucky resident—*depending upon their residential county in Kentucky and the program in which they are enrolled*—your student may be eligible for a discounted Kentucky Metropolitan or Reciprocity rate. If your student is not automatically granted a discounted rate, they will need to complete an electronic Kentucky Residency Application (found on our website).
