

Bearcat Buddies First Tutoring Session Checklist

Have I...

- Introduced myself, and engaged my student in conversation about him/herself?
- Played a fun game or icebreaker to help my student feel comfortable with me?
- Created and written down a set of behavior “ground rules” with my student, maybe by asking the student what he or she thinks the rules should be?
- Explained why I’m volunteering with Bearcat Buddies and what the year will look like?
- Asked my student what he/she likes and does not like about school?
- Asked my student who his/her teacher is?
- Told my student how excited I am about learning together this semester or year?
