To create a university community where eAccessibility matters, engaging cross-divisional partners, university champions, and external collaborators in the process.

**GOALS**
1. Improve eAccessibility confidence and skill level of UC faculty and staff.
2. Lead and influence the university’s passion for and commitment to eAccessibility.
3. Pursue excellence in operations to incorporate eAccessibility into UC culture.

**PRIORITIES**
- **Goal 1**
  • Assess community and develop resources
  • Develop comprehensive training plan
  • Attract faculty and staff champions
- **Goal 2**
  • Build strategy to increase resource awareness
  • Develop eAccessibility standards
  • Create and communicate university eAccessibility timeline
- **Goal 3**
  • Identify and incorporate eAccessibility into university workflow
  • Improve internal best practices and process
  • Grow current tools, resources and knowledge

**SUCCESSES**
- Increase access to educational materials
- Increase understanding of university role in equal access
- Improve effectiveness of program operations

**DELIVERABLES**
FY 18 - FY 19
- eAccessibility Champions
- Best Practices
- Training Plan
- Standards
- Climate Surveys
- Town Halls
- Policy

**VISION**
The University of Cincinnati is committed to providing a universally designed web and eLearning experience that is accessible to all and supports success of every student.
