A Picture of the KAIVAC Touchless Cleaning System
Currently, we have 3 Clorox Total 360 Electrostatic Systems on hand with 8 more machines on order. We have 24 Kaivac machines on hand. Extra training for proper procedures and handling of these specialized cleaning tools has been provided to our Housekeeping staff.

**More Information on these tools:**

**Clorox Total 360 Systems:** The innovative electrostatic sprayer, with the patented PowerWrap™ nozzle, delivers trusted Clorox solutions to the front, back and sides of surfaces. Superior coverage for better germ protection to keep the facilities healthier while saving time, money and labor.

Eligible for use against SARS-CoV-2, the virus that causes COVID-19, based on the EPA’s Emerging Viral Pathogen Policy.

**Kaivac Cleaning Systems:** Instead of spreading contaminants with mops, there's a better way to clean restrooms. Kaivac's systems are proven to be up to 60 times more effective at cleaning than a mop - in less than half the time.
