Exterior Insulation and Finish Systems | 07 24 00

The following information shall be included in specifications prepared for use on all University of Cincinnati construction and renovation projects. This information is supplemental and not intended to be a complete specification.

GENERAL STANDARDS

General Criteria

General Description - Exterior Insulation and Finish Systems (EIFS) are prohibited as a wall cladding material on the exterior of buildings at the University.

The only acceptable application of EIFS is in horizontal protected areas such as soffits or canopy ceilings. Use of EIFS products requires approval of the University Architect.
