This conference will provide the most current research findings and best practice approaches to quality cancer survivorship care. The impact of treatment-related effects on the quality of life of cancer survivors and their families and the management of these morbidities will be viewed through a multidisciplinary lens.

Changing Lives through Quality Survivorship Care

April 7, 2017 | 8 a.m. - 4:30 p.m.
Kingsgate Marriott Conference Center
151 Goodman Dr., Cincinnati, OH 45219
Keynote | Richard Wender, MD
Chief Cancer Control Officer
American Cancer Society

This conference will provide the most current research findings and best practice approaches to quality cancer survivorship care. The impact of treatment-related effects on the quality of life of cancer survivors and their families and the management of these morbidities will be viewed through a multidisciplinary lens.

Objectives
The participant will be able to:

- Discuss survivorship in the US, current models of delivery, and the changing roles of the oncologist and primary care physician in long-term survivorship care.
- Differentiate between cancer rehabilitation and exercise fitness programs and the role of each in the cancer survivor population.
- Discuss cancer and the aging process including risk assessment of oncologic outcomes and treatment strategies in the older adult with cancer.
- Describe the identification, prevention, and treatment of treatment-related morbidities in the survivors of childhood cancer.
- Discuss the experience of pain in cancer and its management throughout the balance of life.

Provided by UC Cancer Institute Survivorship Program
Sponsored by the Robert and Adele Schiff Family Foundation
Join us for a multidisciplinary approach to the impact and management of:
- research findings and best practice approaches to quality cancer survivorship care, and
- treatment-related effects on the quality of life of cancer survivors and their families.

Keynote

Richard C. Wender, MD
Chief Cancer Control Officer
American Cancer Society, Inc.

Richard C. Wender, MD, is the Chief Cancer Control Officer of the American Cancer Society. He is charged with providing oversight and guidance to domestic and global cancer programs, which emphasize access, navigation, and health equity. A Society volunteer for 26 years, Dr. Wender presently serves as Alumni Professor and Chair of the Department of Family and Community Medicine at the Philadelphia-based Jefferson Medical College of Thomas Jefferson University and Hospital. Previously, Dr. Wender worked as a physician in the Department of Family and Community Medicine at Thomas Jefferson University and as Director and Vice Chair of the Family Medicine residency program. Other leadership positions Dr. Wender has held include President and Chief Executive of JeffersonCare, Thomas Jefferson University Hospitals’ physician-hospital organization, and of Jefferson Medical Care, a group of hospital-owned primary care and specialty practices. Throughout his career, Dr. Wender’s major area of academic focus has been cancer prevention and screening. He has led initiatives designed to improve preventive care and chronic disease management. He is a pioneer of the Patient Centered Medical Home, and currently serves as Chair of the National Colorectal Cancer Roundtable. He is also a prolific author, with numerous scholarly works, including co-authoring several cancer screening guidelines.

Honor for his leadership in medicine, Dr. Wender received the Laurel for Cancer Prevention Leadership from the Prevent Cancer Foundation and the St. George Medal from the American Cancer Society.

Speakers

Melissa Hudson, MD
St. Jude Children’s Research Hospital

Dr. Melissa Hudson is Director of the Cancer Survivorship Division, Co-leader of the Cancer Prevention and Control Program, and a member of the Department of Oncology at St. Jude Children’s Research Hospital. She has served as the Director of the After Completion of Therapy Clinic since 1993, which monitors over 5000 long-term childhood cancer survivors. Dr. Hudson’s research interests include protocol development and clinical investigations in Hodgkin lymphoma, the late effects of cancer therapy, and health education and promotion in childhood cancer survivors. Dr. Hudson has served as the chair of the American Society of Clinical Oncology’s Survivorship Committee and on the Publications and Scientific Program Committees. She is currently the Pedisitic Associate Editor for the Journal of Clinical Oncology. Dr. Hudson has led and collaborated in a variety of health promotion initiatives targeting childhood cancer survivors and has published widely on her research.

Nancy Hutchison, MD
Allina Health

Dr. Hutchison is a psychiatrist specializing in cancer rehabilitation. For the past 16 years, she served as Medical Director of Cancer Rehabilitation at Allina Health, a not for profit network of hospitals, clinics and health care services throughout Minnesota and western Wisconsin. Under Dr. Hutchison’s leadership, the Allina cancer rehabilitation team won the 2013 Allina Award of Excellence. Dr. Hutchison has received a number of awards for her work including the 2009 Allina Hospitals and Clinics Uncommon Caring Award, the 2010 Distinguished Employee Award and the 2013 Breast Cancer Awareness Association Award. Dr. Hutchison served as the Chair of the National Lymphedema Network Medical Advisory Committee. She is on the Steering Committee of the Minnesota Cancer Alliance, charged with implementation of Cancer Plan Minnesota. Minneapolis Star Magazine has consistently named her “Top Doctor.”

Harvey Cohen, MD
Duke University

Harvey Jay Cohen, MD is the Walter Kempner Professor of Medicine and Professor in the School of Nursing, Director of the Center for the Study of Aging and Human Development, Principal Investigator of the Duke Claude Pepper Older Americans Independence Center, and Chair Emeritus, Department of Medicine. Dr. Cohen chairs the Cancer in the Elderly Committee for The Alliance for Clinical Trials in Oncology. He is President of the American Federation for Aging Research and a past President of the American Geriatrics Society, the Gerontological Society of America and the International Society of Geriatric Oncology. He serves on numerous editorial boards and has published extensively on topics in genomics and hematologist/oncology, with special emphasis on cancer and immunologic disorders in the elderly, functional decline, geriatric assessment and care. Dr. Cohen has been named one of the “Best Doctors” in America continuously since 1993 and has received numerous honors in the field of geriatric oncology.

Judith Paice, PhD, RN, FAAN
Northwestern University

Judith Paice, PhD, RN, is the Director of the Cancer Pain Program in the Division of Hematology-Oncology and a Research Professor of Medicine, Northwestern University, Feinberg School of Medicine. She is a full member of the Robert H. Lurie Comprehensive Cancer Center. Dr. Paice has served as President of the American Pain Society and Secretary of the Internationa Association for the Study of Pain. Much of her clinical work has been in the relief of pain associated with cancer and HIV disease. Dr. Paice also educates health care professionals in cancer pain relief and palliative care. Dr. Paice serves on the editorial board of the Journal of Pain and the Journal of Pain and Symptom Management and is the author of more than 150 scientific manuscripts. She was one of the original consultants in the Field of Nursing Education Consortium and has continued serving as a faculty member in this program.

Registration Information

Cost

Physicians $100
Nurse Practitioners $50
Residents/Students $40

Faculty Disclosure Declaration

According to the disclosure policy of the University of Cincinnati College of Medicine, all faculty, planning committee members, and other individuals who are in a position to control content are required to disclose any relevant relationships with any commercial interest related to this activity. The existence of these interests or relationships is not viewed as implying bias or decreasing the value of the presentation. All educational materials are reviewed for fair balance, scientific objectivity and levels of evidence. Disclosure will be made at the time of activity.

Agenda

8:00 – 8:30 AM Registration/Continental Breakfast
8:30 – 8:45 AM Opening Remarks
William Barrett, MD
Director, UC Cancer Institute
Beverly Reigle, PhD, RN
Director, Cancer Survivorship
8:45 – 10:05 AM Keynote Address
Current State of the Science and Practice in Cancer Survivorship
Richard Wender, MD
Introduction: Elizabeth Shaughnessy, MD, PhD
10:05 – 10:25 AM Break & Exhibits
10:25 – 11:30 AM Optimizing Health and Health Care Transitions in Childhood Cancer Survivors
Melissa Hudson, MD
Introduction: Raj Nagajaran, MD, MPH
11:30 AM –12:30 PM Lunch & Exhibits
12:30 – 1:35 PM The Aging Process and Cancer Survivors
Harvey Cohen, MD
Introduction: Bonnie Brehm, PhD, RD
1:35 – 2:40 PM The Role of Cancer Rehabilitation & Fitness Exercise Programs
Nancy Hutchison, MD
Introduction: Jill Sherlock, MPT, MBA
2:40 – 3:00 PM Break & Dessert Exhibits
3:00 – 4:05 PM Pain Management in Cancer Survivors
Judith Paice, PhD, RN, FAAN
Introduction: Michelle Kirschnes, CNP
4:05 – 4:25 PM Closing Remarks
Thomas Herger, MD
Professor, UC Cancer Institute, Clinical Director
4:25 – 4:30 PM Evaluation
