ABSTRACT
Abstract containing less than 150 words and the title “ABSTRACT” should be put here.

1. LANGUAGE AND UNITS
All contributions must be written in English and SI unit system must be used in all texts, tables and figures.

2. SIZE OF TYPED AREA
A4-size paper (210 × 297 mm) should be used. Top and bottom margins are 30mm and 22mm, respectively. Left and right margins are 15mm. Therefore the typing area of all pages is 180 × 247mm.

3. LENGTH
Total length of paper should be maximum 6 pages.

4. FONTS
Basically, font used in paper is serif font. For example, “Times Roman”, “Computer Modern Roman”, and so on (see Fig.1).

In figures, sans serif fonts or typewriter-text fonts can be used.

“Symbol” font can be used to type math operators (x, ∇ and so on) or Greek alphabet (α, β and so on).

5. PAPER STYLE
5.1 Title, authors’ names and their affiliations
Paper title, authors’ names and their affiliations should be stated in this order. The title should be typed in 14pt bold font with all capital letters. Authors’ names and their affiliations should be typed in 12pt and 9pt serif font, respectively. These components should be located in the center of the paper.

5.2 Header
In every page, the header of 2 lines is needed.

• The first line: “Int. Conf. on Jets, Wakes and Separated Flows, ICJWSF-2017”
• The second line: “October 9-12, 2017. Cincinnati, Ohio, USA”

The header should be typed in 9pt serif font, and should be placed above the upper right corner of the typed area. The spacing between the header and the typed area should be 8mm.

5.3 Footer
The page number should be typed in 10pt serif font at footer of every page. The spacing between the page number and the typed area should be about 7mm.

5.4 Main text
Main body of manuscript must be in two-column format with 12pt line space. The spacing between the columns should be 8mm. Each paragraph should be started with indent of 6mm. Italic of serif font can be used to emphasize the keywords.

5.5 Headings
All headings should be typed with no indent, and their format should be as followings.

5.5.1 First level heading
First level heading should be typed in 12pt serif bold font and all capital letters, e.g. “1. FIRST LEVEL HEADING”

5.5.2 Second level heading
Second level heading should be typed in 12pt serif bold font and capital for first letter, e.g. “1.1 Second level heading”.

1 “Helvetica”, “Computer Modern Sans Serif”, etc.
2 “Courier”, “Computer Modern Typewriter Text”, etc.
5.5.3 Third level heading

Third level heading should be typed in 10pt serif bold font and capital first letter, e.g. “1.1.1 Third level heading”.

6. EQUATIONS

Equations should be typed in 10pt font and started with 12mm indent. Each equation should be numbered sequentially in parentheses at the end of the line as following:

\[ \frac{DV}{Dt} = -\frac{1}{\rho} \nabla p + \nu \nabla^2 V + g \] (1)

7. FIGURES AND TABLES

7.1 Figures

Figure captions should be typed in 10pt serif font below the figure body and include figure number as “Fig. 1” and a brief title.

7.2 Tables

Table captions should be typed in 10pt serif font above the table body and include table number as “Table 1” and a brief title.

8. REFERENCES

References list and title “REFERENCES” should be types at the end of paper. References should be listed in the order of appearance as followings:

Draft paper should be sent to the organization by Web,
