General Information

WHAT IS CONFERENCE & EVENT SERVICES?
The office of Conference & Event Services (CES) is your one-stop shop for event planning and logistics at the University of Cincinnati. CES is located in Tangeman University Center on the 2nd level.

Conference & Event Services is responsible for scheduling most space for the non-academic events on campus. The office schedules Tangeman University Center, Nippert Stadium West Pavilion, Stratford Heights, outdoor spaces, and several centrally classrooms after they have been released by the Classroom Scheduling/Registrar’s Office. With the exception of Nippert Stadium West Pavilion, these spaces must be scheduled through 25Live. See [uc.edu/eventservices](http://uc.edu/eventservices) for a complete list of reservable spaces. To schedule Nippert Stadium West Pavilion see [uc.edu/eventservices/venues/WPavilion](http://uc.edu/eventservices/venues/WPavilion).

Event Type Definitions

UNIVERSITY EVENT*
A **University Event** is internally sponsored and coordinated by a University of Cincinnati department, faculty member, recognized student organization, and is planned primarily for members of the University of Cincinnati community.

A **University Event** is generally exempt from room rental if no admission/registration costs are charged to attend, or there is no exchange of fees.

Any **University Event** that requires registration payment and/or admission cost to attend, or has an exchange of fees are subject to room rental rates as designated in the ‘University Rates’ category of the **Facility Rental Rate Sheet**.

*Additional charges may be assessed based on your event, security, set-up, and venue. Regardless of arranged rental fees, cancellation fees will be incurred per the policy.*
UNIVERSITY CO-SPONSORED EVENTS

A University Co-Sponsored Event is a program or event that involve two parties: a University of Cincinnati entity (i.e. academic department, administrative unit, or recognized student organization) and an organization (public or private) that is external to the university.

A University Co-Sponsored Event requires a contractual arrangement with the university. The partnering UC entity will be required to sign a facility use agreement outlining the terms for use of venues.

A University Co-Sponsored Event is subject to room rental rates as designated in the ‘University Co-Sponsored’ category of the Facility Rental Rate Sheet.

The following criteria must be met for an event to be considered a University Co-Sponsored Event:

• An individual member of the university department or student organization must be designated as the University Host.

• The room/venue reservation must be executed by the University Host.

• The University Host will be the primary contact between the external group and UC Conference & Event Services.

• The University Host shall attend the event in its entirety to ensure that it is conducted in accordance with university policies and the use of facilities agreement.

• Financial obligations can be paid by either the outside organization or the University Host.

Should the university incur any financial liability associated with a program or event co-sponsored by a university department in partnership with an outside organization, the responsibility for all liability, personal injury, and/or property damage resulting from the program or event, will be the sole responsibility of the external organization as designated in the contractual agreement.

NON-UC EVENTS

A recent change of the University’s Use of Facility Policy now requires that external events must have a sponsor from a UC Department, Student Organization, Faculty, Student, or Staff to hold your event inside Tangeman University Center, Stratford Heights or a centrally scheduled classroom. For more information or questions, please call CES

A Non-UC Event is defined as a program or event organized by individuals, groups, businesses, or organizations not included in the organizational structure of the university (e.g. weddings, receptions, charity events, corporate meetings and events, youth camps, conferences, social activities, expositions, etc.)

A Non-UC Event requires a contractual arrangement, along with proof of general liability insurance naming the university as an ‘additional primary insured’ as outlined in the contractual agreement with the university.

UC Conference & Event Services will be primary contact for the external group, and will work directly with university service providers for event needs.

Non-UC Events are subject to the ‘Non-UC Rates’ category of the Rental Rate Sheet.

Scheduling Your Event

Before any event can take place, you must schedule your event with CES. To do this, you must complete the space request thru the 25Live scheduling system, at least 5 business days prior to your event date. You can find the link at www.uc.edu/eventservices.

We recommend that you do not advertise or publicly announce your event until you have received confirmation from a CES representative. Indoor and outdoor space is confirmed on a first-come, first-served basis. If you have any questions, contact CES at 513-556-1810 or event.services@uc.edu.

**Copyright and Licensing**

**Information for Showing Movies in MainStreet Cinema from the Motion Picture Association of American (MPAA)**

Following is important information that will enable you to understand copyright and licensing requirements. Please be aware that copyright infringers can be prosecuted. After reading this information, if you have questions about copyright and licensing requirements, please contact CES.

**What Are Public Performances?**

Suppose you invite a few personal friends over for dinner and a movie. You purchase or rent a copy of a movie from the local video store and view the film in your home that night. Have you violated the copyright law by illegally “publicly performing” the movie? Probably not. But suppose you took the same movie and showed it at a club or bar you happen to manage. In this case, you have infringed the copyright of the movie. Simply put, movies obtained through a video store are not licensed for exhibition. Home video means just that: viewing of a movie at home by family or a close circle of friends.

**What the Law Says**

The Federal Copyright Act (Title 17 of the United States Code) governs how copyrighted materials, such as movies, may be used. Neither the rental nor the purchase of a DVD/videocassette carries with it the right to show the tape outside the home. In some instances, no license is required to view a movie, such as inside the home by family or social acquaintances and in certain narrowly defined face-to-face teaching activities. Taverns, restaurants, private clubs, prisons, lodges, factories, summer
camps, public libraries, day-care facilities, parks and recreation departments, churches, and non-classroom use at schools and universities, are all examples of situations where a public performance license must be obtained. This legal requirement applies regardless of whether an admission fee is charged, whether the institution or organization is commercial or non-profit, or whether a federal or state agency is involved.

**Penalties for Copyright Infringement**

“Willful” infringement for commercial or financial gain is a federal crime punishable as a misdemeanor, carrying a maximum sentence of up to one year in jail and/or a $100,000.00 fine. Even inadvertent infringers are subject to substantial civil damages, ranging from $500.00 to $20,000.00 for each illegal showing.

**How to Obtain a Public Performance License**

Obtaining a public performance license is relatively easy and usually requires no more than a phone call. Fees are determined by such factors as: the number of times a particular movie is going to be shown, how large the audience will be, and so forth. While fees vary, they are generally inexpensive for smaller performances. Most licensing fees are based on a particular performance or set of performances for specified films. CES can assist you in obtaining the proper licensing to show a public performance on campus. Prices for licenses vary depending on how recently the film was released. Please inquire for more details.

**Why is Hollywood Concerned About Such Performances?**

The concept of “public performance” is central to copyright and the issue of protection for “intellectual property”. If a movie producer, author, computer programmer or musician does not retain ownership of his or her “work,” there would be little incentive for them to continue and little chance of recouping the enormous investment in research and development, much less profits for future endeavors.

Unauthorized public performances in the U.S. are estimated to rob the movie industry of an estimated $2 million each year. Unfortunately, unauthorized public performances are just the tip of the iceberg. The movie studios lose more than $150 million annually due to pirated videotapes and several hundred million more dollars because of illegal satellite and cable TV receptions.

**Copyright Infringers are Prosecuted**

The Motion Picture Association of America (MPAA) and its member companies are dedicated to stopping film and video piracy in all its forms, including unauthorized public performances. The motion picture companies will go to court to ensure their copyrights are not violated. Lawsuits, for example, have been filed against cruise ships and bus companies for unauthorized on-board exhibitions. If you are uncertain about your responsibilities under the copyright law, contact the MPAA, firms that handle public performance licenses, or the studios directly. Avoid the possibility of punitive action.

**Have Questions or Need More Information?**

Please contact CES at event.services@uc.edu or call 513-558-1810.

If you have questions about exhibition laws, you may also contact the Motion Picture Association of America at 1-800-662-6797. *Content of this brochure reproduced with permission of the Motion Picture Association of America. Copyright @ 1995 MPAA.*

409, 403 & 401 are Offline
Reservable Audiovisual (AV) Equipment

A variety of AV equipment is available in Tangeman University Center for use by registered student organizations and departments. All AV equipment should be reserved through 25Live at the time of your space reservation. AV equipment changes can be made prior to your event but are subject to availability. Requests for AV equipment the day of the event is subject to availability and may incur a fee (see “Other Fees” chart on page 23). It is possible to arrange a meeting with TUC event staff to discuss AV details and pre-test set-up arrangements prior to your event. Contact Conference & Event Services to arrange.

Rental Equipment

It is possible to bring in your own equipment. Include this information when you make your reservation on 25Live. The equipment is to be removed from the room immediately following the event, or you may be subject to additional fees. There is no storage space available in TUC. We do not allow audio or visual system tie-ins to house AV without the expressed pre-approval and assistance from MainStreet Events and Operations for spaces within TUC.

Piano

A baby grand piano is available for use in the Great Hall. CES recommends piano tuning. Piano tuning may be arranged by the requestor and the cost of tuning will be the responsibility of the requesting organization. You can contact CES for recommended professionals. Please schedule the tuning time with CES to ensure both the piano and Great Hall are available.

Food & Beverage

For events hosted in TUC, Stratford Heights, the Rec Center, and, Classic Fare Catering is the exclusive food and beverage provider, offering professional service for informal and formal occasions. Therefore, no outside food and beverage may be brought in, or contracted with other vendors, for meetings and events in TUC. Exceptions are granted only in cases when catering services cannot provide the menu that is requested, in which case a food waiver is granted. To request a food waiver please contact CES at least 15 business days prior to the scheduled event date. These requests must be approved by several departments and is a lengthy process, so planning in advance is important. If a waiver is granted, beverages must be ordered through Classic Fare Catering, and paperwork must be collected from the commercial vendor. Failure to follow the catering guideline will result in assessment of the University room rental fee.

Event Sales & Solicitation

Approved student organizations and departments are permitted to sell items at their events for the benefit of their group or charity. This information should be included in your event description when creating your event reservation in 25Live. CES will review and notify groups of approval. Commercial sales are not permitted without a vendor license. This includes food and beverage sales. Sales by commercial vendors warrants space rental fees to the organization. A vendor license is not required if their monies are for fundraising purposes only. Examples include: raising funds for your own organization or for a nonprofit cause. Funds may not be raised for personal or commercial enterprise. Signage indicating proceeds are a “donation” going to a fundraising or charitable cause is required at the event.

In addition to selling, events that include handing out flyers and conducting surveys are governed by University Rule 10-51-01, Sales and Solicitation.

Receiving Dock

The TUC Receiving Dock is the only location to be used for delivery and/or pick-up of merchandise, operational supplies, and equipment for use in TUC. The dock is open Monday-Friday, 6 am - 5 p.m. A fee may be charged for evening and weekend access (see “Other Fees” chart on page 16). If you anticipate a need to use the receiving dock for your event, please select the “Dock” resource when reserving your space on 25Live. Driving instructions can be provided to the person delivering to the TUC Receiving Dock. The general policy follows.
• Dock access will be provided to individuals involved with event set-up in TUC only, if they are bringing large enough quantities of samples, supplies, or equipment to require use of the dock.

• All event representatives accessing the building through the TUC Dock MUST:
  ◊ Sign the Dock Visitors Log located in the dock office.
  ◊ Unload your supplies, etc., and immediately move your vehicle to an authorized parking spot or to a garage.

• All approved drivers leaving vehicles at the dock for any duration of time to enter the facility, must leave vehicle keys with dock personnel.

• Event representatives who do not meet dock usage criteria and all other event attendees must use UC parking facilities (or park off campus) and enter TUC through a public entrance.

**Dock Equipment**

Dock moving equipment such as pallet jacks, dollies and carts are used exclusively by TUC staff. The equipment can be used for loading and unloading if available. No dock equipment is permitted to leave the dock area unless accompanied by a TUC staff member or representative. Equipment is not available for weekends and has to be scheduled in advance. Special accommodations are to be approved by the TUC operations leadership only to determine compliance with safety rules and regulations.

**Dock Storage**

There is no long term, large or small freight storage available in the TUC dock. No supplies or boxes can be left at the dock. All forms of event storage must be requested and alternative spaces identified in a 25Live reservation.

* Special requests for short term storage must be requested on your behalf by CES to TUC operations leadership, who will then provide approvals based on considerations of the impact to other TUC facility operations and partners.

**Alternative Delivery Option**

If your delivery is small, contained in a car, you can ask for instructions to access TUC from the west entrance by Mick & Mack’s Cafe. Unloading and then moving your vehicle to a valid parking space is permitted during the evening and weekends, if coordinated with CES in advance and information is included in the event confirmation notification.

**STRATFORD HEIGHTS**

Reservable during non-academic hours. Classroom spaces are reserved on a per semester basis. Generally, reservations can be made two weeks prior to the start of the semester, but not before the Registrar’s office has loaded all classes into spaces.

All other general classroom spaces are controlled by the corresponding college. Call the College dean’s office for information on reserving classrooms not listed below. CES does not provide tables or chairs in classrooms.

Classroom Audio Visual (AV)

AV equipment available in classrooms can be reviewed at eclassroom.uc.edu/ucit/eclassroom/classr.aspx. If you need to rent equipment, contact Electronic Classroom Support Services (ECSS) at ecss@uc.edu or by calling 513-556-1977.

Zimmer Auditorium supports PowerPoint presentations and videos. The sound system supports two wireless microphones. It is the responsibility of the group to contact ECSS to schedule AV equipment for this space prior to your event date. Fees apply for use of equipment.

CAMPUS RECREATION CENTER

All events and tabling held at the Campus Recreation Center are scheduled by Campus Recreation directly. Information can be found at uc.edu/campusrec/facilities/rentals or by calling 513-556-0708.

Planning an Outdoor Event

The UC campus offers beautiful spaces for a variety of outdoor events. Many of the events that hold strong traditions happen outdoors. Ample planning is required to ensure success and safety. The following guidelines and tips are designed to help you host a successful event as well as protect the outdoor spaces from damage. Refer to the Use of Facilities policy manual for further information.

Site Selection

The map identifies outdoor spaces that require a reservation for an event. Note the McMicken Commons and Campus Green are divided into sections because the spaces are large enough to share and host multiple events, depending on activity and crowd size. If you need the entire space for your event, remember to reserve all sections in 25Live. To clarify misconceptions, Sigma Sigma Commons refers to the outdoor amphitheater space south of the service drive.
Photos of reservable spaces can be found on the CES website.

Note that athletic fields are reservable through the Athletics Facility Management team.

**Use of Space**

When selecting your event space, consider the following features: road access for deliveries, service of food and/or beverage, dependency of water or electric for your event, ample space for tents, inflatables, booths, etc. The CES office can provide advice if you are unsure of options.

**Rain Locations**

You should consider a rain location at the time of your original reservation, as rain locations may not be available at the time of your event. The decision to use a rain location must be made a minimum of 36-48 hours prior to the event. Email the rain location space holder your decision not to use their space if you decide to stay outdoors. Failure to do so could result in a NO SHOW for the space and incur room rental costs.

**Budget Items for Outdoor Events**

Plan your event budget to allocate funds for these UC personnel services. The following service costs are common for outdoor events:

- Public Safety & EMS personnel (UCPD presence is mandatory if there is an exchange of money due to sales)
- Grounds clean up or Turf Damage
- Outdoor electric panels or generator
- Tent permits
- Space rental
- Event insurance

**Logistics Planning**

Logistics meetings are recommended for events hosting large crowds and/or requiring day-long delivery and set up. This meeting should occur 6-8 weeks prior to the event date. CES will organize these planning meetings with your team together with UC outdoor service personnel. If you wish to organize a logistics planning meeting, please contact the CES office.

**Selling at Your Event**

Approved student organizations and departments are permitted to sell items at their events for the benefit of their group or charity. This information should be included in your event description when creating your event reservation in 25Live. CES will review and notify groups of approval. Commercial sales are not permitted without a vendor license. This includes food and beverage sales. Sales by commercial vendors warrants space rental fees to the organization. A vendor license is not required if their monies are for fundraising purposes only.

Examples include: raising funds for your own organization or for a nonprofit cause. Funds may not be raised for personal or commercial enterprise. Signage indicating proceeds are a “donation” going to a fundraising or charitable cause is required at the event. UCPD presence is mandatory if there is an exchange of money due to sales.

In addition to selling, events that include handing out flyers and conducting surveys are governed by University Rule 10-51-01, Sales and Solicitation.

**Outdoor Table Space**

Tabling for promotion for organizational philanthropic activities are available outside: Bearcat Pavilion, Bearcat Plaza, Campus Green, CRC East and West, McMicken Commons, Sigma Sigma Commons, and TUC Plaza.

Sponsoring organizations supply their own tables. Reservations are not required, but groups with reservations have priority. If you wish your event to be listed on UC calendar a reservation through 25Live is required. Rec Center Breezeway is reserved through CRC, who can supply the tables to approved student organizations.

If inclement weather affects your outdoor tabling event and it involves food, it is possible you will not be able move your event inside TUC due to the exclusive contracts with Classic Fare Catering and with Express Mart. Contact CES in advance for guidance.

**Food at Outdoor Events**

Food makes the event, but there is significant planning to observe. Outdoor events that are reserved through CES that involve food, must follow these regulations:

**Food Cooked at Event**

Anyone who plans to sell raw or uncooked food on UC premises is required to obtain a health permit from:

Cincinnati Health Department  
3845 William P. Dooley By-Pass  
Cincinnati, Ohio 45223  
513-564-1751

The cost of their permit is about $153.00. The sponsoring organization must ensure vendors have secured the permit before they arrive on campus. Contact UC Fire Prevention for an open flame permit.

**Cooked Food Brought to Event (by commercial food provider)**

Serving cooked food at your outdoor event supplied by a commercial food provider, requires the organization/department to provide CES the documentation listed below to safeguard the University, its students, faculty, visitors etc. for food service events/functions conducted outside of existing food service agreements.

1. Event organizer shall provide evidence of food providers current license(s) with the City of Cincinnati or appropriate municipal authority and with the City of Cincinnati Health Code for food service operators.
2. Event organizer shall provide evidence of vendor’s proof of insurance for general liability of $1,000,000 per occurrence and $1,000,000 in aggregate
3. Event organizer shall provide evidence that the vendor’s insurance names University of Cincinnati as an “additional named insured.” There may be an additional charge applied by the insurance company.
4. All required evidence shall be provided to CES no later than 10 business days prior to event start date. If not supplied 10 business days prior to the event start date, CES reserves the right to cancel the event reservation.
5. Space has to be reserved if having a commercial vendor with food sales.

**Home-cooked Food Brought to Event**

Serving home-cooked food at your outdoor event is at the risk of the sponsoring organization/department.

**Food Trucks**

Hosting food trucks on campus requires the organization/department to provide CES required documentation to safeguard the University, its students, faculty, visitors etc. for food service events/functions conducted outside of existing food service agreements.

1. Event organizer shall provide evidence of food providers current license(s) with the City of Cincinnati or appropriate municipal authority and with the City of Cincinnati Health Code for food service operators.
2. Event organizer shall provide evidence of vendor’s proof of insurance for general liability of $1,000,000 per occurrence and $1,000,000 in aggregate
3. Event organizer shall provide evidence of vendor’s insurance for Automobile Liability of $1,000,000 per occurrence and $1,000,000 in aggregate in the case of vehicle use for delivery, service, etc.
4. Event organizer shall provide evidence that the vendors’ insurance names University of Cincinnati as an “additional named insured.”
5. All required evidence shall be provided to CES no later than 10 business days prior to event start date. If not supplied 10 business days prior to the event start date, CES reserves the right to cancel the event reservation.
6. If there are 3 or more food trucks coming onto campus, you will need to pay for a City of Cincinnati Fire
Inspector to be present during the event. It is a minimum of 4 hours at $108/hr. Public Safety will also be charging a surcharge of 10%. Cincinnati Fire Dept. Special Event Permit must be filled out as well. Contact CES for the permit. You can learn more about local operation guidelines here. Supply all your event plans to CES, who will notify all UC service personnel.

**Vehicles**

Vehicles are permitted on the pavers on TUC Plaza or Bearcat Plaza ONLY with prior permission from CES; this includes any loading or unloading outside TUC. If vehicles are driven on MainStreet pavers without permission they may be subject to a citation by Public Safety. Parking at outdoor spaces is not permitted for non-UC vehicles. Please instruct your vendors to park in garages or at metered spots on city streets after they unload.

Vehicles are not permitted to drive on any grassy area because there are underground irrigation systems. Damage to the irrigation system will be billable to the sponsoring organization. If needed, contact CES for guidance.

**Amplification**

Music also makes the event, but there are guidelines. There are established hours during the week when music and other amplification is permitted. This information is found in the Use of Facilities Policy.

- **McMicken Commons and Bearcat Plaza**
  - Tuesdays and Thursdays from 12:30 p.m. – 2 p.m. during the academic term.
  - It is NOT permitted during exam weeks, intercessions, or summer semester.

- **Campus Green or Sigma Sigma Commons**
  - Mondays and Tuesdays from 11 a.m. to 4 p.m.
  - Fridays and Saturdays from 11 a.m. to 4 p.m.
  - Sundays from noon to 6 p.m.

Anything outside these locations, times, or days will require approval. Requests are made through CES. If your event hosts music or PA system without permission, Public Safety can close it down.

**Outdoor Signs**

Yard signs are not permitted on campus without a dig permit. There are approved areas on campus that allow temporary directional signage. Maps are located in the Use of Facilities Policy.

**Chalking**

Chalking is only allowed by registered student organizations, and only on cement sidewalks using water soluble chalk. Refer to the Use of Facilities Policy for further information. If the sidewalks are damaged by using non water soluble chalk there may be a fine assessed. No spray chalk is permitted.

**Designated Speaking Activities**

For guidance about outdoor free speech, review the Use of Facilities Policy.

**OUTDOOR SERVICES SUPPLIED BY UC PERSONNEL**

**Grounds**

Grounds supplies the number of trash cans and man hours required to clean up for your event based on the expected size of your event audience and amount of food/beverage planned. All charges will be billed to the sponsoring organization. The sponsoring organization can request an estimate from Grounds to plan your budget. [https://afweb1.af.uc.edu/workrequest/default.aspx](https://afweb1.af.uc.edu/workrequest/default.aspx).
**Electric**

Anything requiring electric not supplied from a standard outdoor wall or column socket must be pre-ordered through Work Control. Typical electric orders include: multiple socket panels designed for outdoor use, electric generators to provide continuous power to large equipment, outdoor lights. Some electric equipment must be ordered from a vendor. The sponsoring organization is responsible for ordering electric, online at: [https://afweb1.af.uc.edu/workrequest/](https://afweb1.af.uc.edu/workrequest/). If a work order has not been placed in advance, you cannot expect electric to be supplied. The fees is $100.

**Grill Permit**

If you plan to grill at the event, the sponsoring organization must secure a grill permit and have the copy on the premises (for any grilling or open flame). Call UC Fire Prevention at 513-556-4992. It takes 3 business days to process a permit request. If a permit is not obtained you may be subject to a citation.

**Tent Permit**

UC Fire Prevention/Public Safety provides tent permits for any canopy or tent structure that is greater than 200 sq. ft. There is a fee for the permit and it must be ordered at least 10 business days in advance. Note that tent vendors cannot process the tent permit for on-campus locations. Information can be found in the Use of Facilities Policy Manual. If the tent is to be secured with stakes in the ground, a dig permit is required. It is recommended the tent be secured with water barrels or concrete blocks. Contact UC Fire Prevention at 513-556-4992.

**Dig Permit**

Anything that penetrates the ground - a tent stake, a yard sign- requires a dig permit. The process requires 10 working days. Notify the CES department at least 30 days for guidance on this process. The sponsoring organization will need to meet with Facilities Management personnel to mark the outdoor spaces with spray paint. CES will assist the sponsoring organization with contacting Ohio Utilities Protection Services to secure a confirmation number. Once inspection by utilities representatives is completed, the sponsoring organization can proceed with areas approved for digging. Refer to the Use of Facilities Policy for the full process.

**Car Smashing**

Before a vehicle can be brought on campus for philanthropic car smashing, notice must be given to CES at least 45 business days in advance of the event date. Site location must be approved by Facilities Management. Budget for Public Safety presence and Grounds clean up. CES will arrange a logistics meeting for event planning.

To prep the vehicle these tasks must be done before the vehicle is brought on campus:
- Drain all fluids
- Remove all glass

The following safety procedures must be in place at the event:
- A tarp must hang out at least 5 feet on all sides of the vehicle to catch any debris
- Safety goggles must be supplied to anyone smashing the vehicle
- Supply roping around an 8-10’ perimeter around the vehicle.
Event Food & Beverage

Client must order food, beverages, and linens through Classic Fare Catering, the exclusive caterer for TUC, STRATFORD HEIGHTS and UCATS club. No outside food or beverages may be brought in for meetings and events in these spaces. Exceptions are granted in cases when catering services cannot provide the menu that is requested. Such requests can be made by contacting CES 15 business days prior to the scheduled event date. Failure to follow the Catering Guideline will result in assessment of the University room rental fee.

- To place an order, contact Classic Fare Catering at 513-556-3135, or use their online system Catertrax.
- To review the Classic Fare Catering Guide visit uc.edu/food/catering.

- Other options available for catering include: Chick-fil-A, Papa John’s, and Greens to Go & KumaNeko Sushi. Place your order through Classic Fare Catering, not the retail location.

Programs with alcoholic beverages passed, served, or sold, are subject to the below guidelines, taken from the University's policy on alcohol use on campus.

- Alternative beverages and food are required.
- Programs may not begin before 11 a.m., last after 1 a.m., or be longer than five hours.
- Program may not be sponsored by alcohol brand manufacturer, wholesalers, distributor and retailers.
- Majority of the attendees must be 21 and older and identification must be checked.

Programs with alcoholic beverages passed, served, or sold, in the indoor spaces are permitted through the use of liquor license/permit held by ARAMARK's Classic Fare Catering, the exclusive caterer.

Clients must obtain a liquor permit through Ohio Department of Commerce, Division of Liquor Control for the Programs where alcoholic beverages are passed, served or sold and attendees directly or indirectly pay for the alcoholic beverages. Client is responsible for the conduct of all persons present. Any external caterers serving alchol must have a valid liquor license to serve.

**Final Guarantee**

Client must provide final guarantee or food and beverage selection five business days prior to start of the event. Catering order will be billed based on final guarantee or actual numbers, whichever is higher. Failure to follow the Catering guideline may result in a 10% late fee.
Promoting Your Event

There are a variety of ways to promote your event on MainStreet. All are subject to change, and some require pre-approval.

MainStreet staff reserves the right to refuse any material that does not support the goals and objectives of the university community. MainStreet Operations staff will remove all outdated and inappropriate postings.

- If you wish to put flyers in the 4th floor student organization mailboxes in SSLC, contact the Office of Student Activities and Leadership Development for approval at 513-556-6115.
- Alcohol cannot be advertised.
- Posters and flyers may not be posted on walls, doors, windows, or any painted surface. Organizations that post posters and flyers on walls, doors, or windows will be subject to a removal fee.
- Anything taped or stapled to bulletin boards may be removed. Thumb tacks are available at the MainStreet Connection Center if needed.
- Sign holders for way finding and event signage are available for events inside of TUC. Contact CES to reserve these sign holders.
