

PROPOSED FACULTY SENATE RESOLUTION
on
THE HIRING OF A NEW CHIEF INFORMATION OFFICER

Whereas there is currently a need by the University of Cincinnati to fill the vacant position of Chief Information Officer; and

Whereas there is precedence, or past practice, of faculty involvement in the selection of the person to fill this important university position; and

Whereas the impact of this hiring decision to the growth, development, and support of long term technology systems and processes affecting the university in general, and the faculty specifically, is substantial and significant,

Therefore, be it resolved that the Faculty Senate supports and requests faculty representation in the selection of a Chief Information Officer for the University of Cincinnati.
