College of Pharmacy  
AFFILIATION AGREEMENT

THIS AGREEMENT is entered into as of the ______________ day of ________, 20____ between the UNIVERSITY OF CINCINNATI on behalf of its COLLEGE OF PHARMACY (hereinafter, "University" or the "College" as the context requires), and ____________________________ (hereinafter, "Practice Site").

WHEREAS, the College offers a professional Doctor of Pharmacy degree program (PharmD) for students ("Pharmacy Students"), and wishes its Pharmacy Students to benefit from the experiences available at the clinical pharmacy settings that the Practice Site can provide; and

WHEREAS, the College has established a Professional Experience training program (the "PEP Program") for qualified students preparing for the practice of pharmacy; and

WHEREAS, the Practice Site is committed to the education of pharmacy students and other health professions students and believes that an educational affiliation with the College will assist the Practice Site in providing for the health and welfare of its patients; and

WHEREAS, the College will provide funding to the Practice Site to cover the cost of precepting College of Pharmacy Students at the Practice Site for participating in the educational programs of the College of Pharmacy.

NOW, THEREFORE, the parties agree as follows:

1. Obligations of the Practice Site.

    A. The Practice Site will provide clinical training opportunities for Pharmacy Students in settings that are representative of contemporary pharmacy practice. These clinical training activities will include the shadowing experiences, early professional experiences and advanced professional experiential rotations. All clinical training will be conducted under the direct supervision of a licensed pharmacist or other licensed health care practitioner (hereinafter, "Practitioner Faculty").

    B. The Practice Site shall identify Practitioner Faculty at the Practice Site’s pharmacy locations who will be responsible for developing and precepting clinical rotations that meet the experiential curricular requirements of the College.

    C. The Practice Site shall supervise and evaluate student performance using standardized assessment instruments provided by the College and shall provide this assessment data to the College.

    D. The Practice Site shall assure that the Practitioner Faculty maintain as current all licenses, certifications, and accreditations which are required to practice the profession of pharmacy.
E. The Practice Site shall orient Pharmacy Students in the policies and procedures of the Practice Site and shall make all reasonable efforts to assure that the Pharmacy Students comply with the Practice Site policies and procedures.

F. The Practice Site shall maintain administrative and professional control of Pharmacy Students insofar as their presence in the Practice Site affects the Practice Site’s operations and the direct or indirect care of the Practice Site’s patients.

G. The Practice Site shall allow Practitioner Faculty to participate in educational programs at the College in a manner consistent with their faculty appointment and practice responsibilities.

II. Faculty Appointments.

A. The College will extend an adjunct clinical faculty appointment to Practitioner Faculty. The rank and level of appointment will be commensurate with their education and experience. The Practitioner Faculty should demonstrate proficiency in pharmacy practice, have an aptitude for practice-based and didactic teaching, and demonstrate an interest in scholarship, all as determined by the College. Practitioner Faculty will have academic responsibilities within the College consistent with their appointment. Practitioner faculty may apply for a promotion of their adjunct appointment in accordance with the criteria for promotion set forth by the College of Pharmacy.

III. Obligations of the College.

A. The College shall have full and final authority for the educational programs at the College and shall be responsible for the selection, appointment, and assignment of all Pharmacy Students to clinical rotations at the Practice Site. The number of Pharmacy Students selected shall be mutually agreed upon. The Practice Site shall be informed, at least thirty (30) days prior to the beginning of a pharmacy rotation cycle, of the names and qualifications of Pharmacy Students assigned a clinical rotation.

B. The College will provide curricular guidelines and assessment instruments to Practitioner Faculty on an annual basis. Practitioner Faculty will be invited to attend faculty development workshops and continuing education programs at the College.

C. The College will make its facilities, equipment, and personnel available to The Practice Site for research or other educational projects upon a determination by the College, in its sole discretion, that such endeavors will be cost effective and beneficial to the College.

D. The College will compensate the Practice Site for the costs associated with experiential training and teaching activities at the College on a mutually agreeable schedule using the payment schedule identified in Exhibit I. The College and the Practice Site will review and update this schedule on an annual basis.

E. In performing services in the clinical rotations under this agreement, the Pharmacy Students are acting as, and shall remain agents of the University of Cincinnati and shall not, at any time, be considered agents or employees of the Practice Site.
IV. Insurance.

Each of the parties will insure itself and its employees through fiscally sound program of self-insurance or commercial insurance or a combination thereof, for professional and general liability.

V. Administration.

A. The program shall be administered on a day to day basis by two individuals, one of whom shall be appointed by the president/owner of the Practice Site who will have authority over the administration of the Practice Site’s portion of the PEP Program, and either the Director of Experiential Programs or the IPPE Coordinator of the College, who will have authority over the administration of the College's portion of the PEP Program. These three individuals shall be responsible for the following:

1. scheduling the activities of the students at The Practice Site,
2. coordinating any Practice Site activities on the College premises,
3. coordinating the teaching program,
4. coordinating clinical practice functions, and
5. preparing joint written reports about the PEP Program highlighting positive and negative aspects of the program and suggesting methods of improving the PEP Program.

VI. Confidentiality.

The Practice Site is the owner of valuable, confidential proprietary and trade secret information ("Confidential Information") relating to its products and services. The University agrees that any information which is marked as Confidential Information and which is disclosed to the University or to Pharmacy Students shall be maintained as confidential in accordance with Ohio law. The University further agrees that none of this Confidential Information shall be disclosed to any other party in whole or part except as may be required by law. If a request for disclosure is made, the University shall notify the Practice Site five (5) business days in advance of releasing any Confidential Information, unless required by law to disclose sooner. The University further agrees not to use Confidential Information in whole or in part with or on behalf of any individual or any company other than University. Confidential Information shall not include information which 1) is now common knowledge or subsequently becomes common knowledge through no breach of this Agreement, 2) is rightfully in the University's possession prior to the disclosure by the Practice Site, 3) is received by the University from a third party who is not under an obligation of confidentiality with respect to such information, or 4) is independently developed by or for the University without benefit of Confidential Information received from the Practice Site.

The Practice Site will protect student confidential information and education records from disclosure agrees to abide by all applicable law, including but not limited to, the Federal Family Education and Privacy Rights Act (FERPA), 20 U.S.C. & 1232 (g), and the Health Insurance Portability and Accountability Act (HIPAA), Codified at 42 U.S.C. § 300gg and 29 U.S.C § 1181 et seq. and 42 USC 1320d et seq. Agency further agrees to be liable for, and report any breach of such confidential student information or educational records to the University within five (5) days of determining such a breach.

The Practice Site shall develop, implement, maintain and use appropriate administrative, technical and physical security measures to preserve the confidentiality, integrity and availability of all electronically maintained or transmitted student education records received from, or on behalf of University or its students. The procedures will be documented and available for University to review upon request. Upon termination, cancellation, expiration or other conclusion of the Agreement, the Practice Site shall
securely store or destroy student education records in accordance with its own human resource retention policies.

VII. Intellectual Property.

Title to any copyrights or copyrightable material first produced in the performance of this Agreement shall remain with the University. The University shall grant to the Practice Site an irrevocable, royalty-free, non-transferable, non-exclusive right and license to use and reproduce all such copyrightable materials, including computer software and its documentation developed under this Agreement for the Practice Site’s internal, non-commercial purpose. The University further grants to the Practice Site an option to negotiate a non-exclusive royalty-bearing license to use, reproduce, display, distribute, and perform such computer software and its documentation for commercial purposes, such option to expire on the date of the termination of this Agreement.

VIII. HIPAA Compliance.

The University shall ensure that all students involved in educational program at the Agency will receive training regarding the privacy rules of the Health Insurance Portability and Accountability Act (“HIPAA”) prior to entering the facilities of the Agency. The University will present proof of such training to the Agency upon request.

The Practice Site will be responsible for the enforcement of its HIPAA policies and procedures and compliance by the University’s students. University’s students will be functioning as part of the Practice Site’s workforce pursuant to 45 C.F.R. §160.103 and will be subject to the HIPAA policies and procedures of the Practice Site.

IX. Immunizations, Criminal Background Checks, Health Insurance and BloodBorne Pathogens Training.

The University requires all students to provide in a confidential manner to University Health Services documentation confirming previous immunization, natural infections or serologic immunity against measles, rubella and mumps that has been signed by their personal physician. Students are required to have health insurance from a US admitted insurance company with a US based claims administrator. College of Pharmacy students are required to have completed a Hepatitis B vaccination series with documentation of serologic immunity. Baseline and annual TB testing is a requirement of the University with chest x-ray documentation of PPD positive persons. All students with a negative history of chickenpox are required to have a VZV titer drawn to determine immunity and all susceptible students will be required to receive two doses of VZV vaccine. University Health Services maintains all student health records in a confidential manner consistent with applicable laws and regulations. College of Pharmacy Students are also required to have an annual flu immunization, unless the student has documented medical contraindication or religious objection. The Practice Site may require proof of additional immunization or require that a criminal background check be run prior to the beginning of a rotation. The student will be responsible for complying with these requirements and will be responsible for any and all costs associated with meeting these requirements. All students will receive annual OSHA bloodborne pathogen training. In the event of a potential bloodborne pathogen exposure, The Practice Site will work with the College to ensure that the student receives immediate and appropriate medical care. Each College of Pharmacy Student is also required to be certified to provide CPR and Immunizations prior to beginning their Advanced Pharmacy Practice Experiences.
X. Term and Termination.

A. The term of this Agreement shall commence on ________________ and shall continue for a period of 5 years or until terminated by one or both parties.

B. This Agreement may be terminated by the College by giving a six month’s written notice to the Practice Site.

C. This Agreement may be terminated by the Practice Site by giving a six month’s written notice to the College.

XI. Miscellaneous.

A. When, in the opinion of the Practice Site, a Pharmacy Student's conduct or performance adversely affects patient care, disrupts the operations of the Practice Site’s Pharmacy, violates the policies and procedures of The Practice Site, or is deficient in any manner, the Practice Site shall notify the College and the College and the Practice Site shall together determine whether the Pharmacy Student should be removed from the clinical rotation at the Practice Site.

B. The terms and conditions of the Agreement are in accordance with the accreditation requirements of the American Council on Pharmaceutical Education, as they existed on the date of the signing of the Agreement. In the event the accreditation requirements change during the term of the Agreement, the College will inform the Practice Site of the changes, and the Agreement shall be amended to conform to the new requirements.

C. The Practice Site shall provide all physical facilities reasonably required for the clinical rotations for the College's Pharmacy Students. The Practice Site shall provide reasonable orientation to Pharmacy Students on the Practice Site’s facilities, policies and procedures, rules or regulations.

D. The Practice Site will protect student confidential information and education records from disclosure agrees to abide by all applicable law, including but not limited to, the Federal Family Education and Privacy Rights Act (FERPA), 20 U.S.C. & 1232(g), and the Health Insurance Portability and Accountability Act (HIPAA), Codified at 42 U.S.C. § 300gg and 29 U.S.C § 1181 et seq. and 42 USC 1320d et seq. Practice Site further agrees to be liable for, and report any breach of such confidential student information or educational records to the College within five (5) days of determining such a breach.

The Practice Site shall develop, implement, maintain and use appropriate administrative, technical and physical security measures to preserve the confidentiality, integrity and availability of all electronically maintained or transmitted student education records received from, or on behalf of University or its students. The procedures will be documented and available for University to review upon request. Upon termination, cancellation, expiration or other conclusion of the Agreement, the Practice Site shall securely store or destroy student education records in accordance with its own human resource retention policies.

E. The Practice Site is a separate entity and as such, shall retain control over its organization, management, budget, operation, and delivery of services.
F. The University of Cincinnati is an autonomous educational institution which shall retain control over the organization and administration of its educational programs, curriculum content, student selection, matriculation and faculty appointment, reappointment, promotion and tenure.

G. No faculty member or student shall be discriminated against because of race, color, religion, national origin, sex, handicap, status as disabled veteran or veteran of the Vietnam era, or age.

H. Practitioner Faculty are employees of the Practice Site and neither the College nor the University of Cincinnati shall have any obligation for any withholding or granting of benefits for the Practice Site employees or for withholding of taxes or Workers' Compensation. Pharmacy Students of the College shall not be deemed to be employees of the Practice Site for purposes of compensation, fringe benefits, workers compensation, unemployment compensation, minimum wage laws, income tax withholding, social security, or any other purpose, because of their participation in the educational program. Each Pharmacy Student is placed with the Practice Site to receive clinical experience as part of his or her academic curriculum; those duties performed by a Pharmacy Student are not performed as an employee, but in fulfillment of these academic requirements and are performed under supervision. At no time shall Pharmacy Students replace or substitute for any employee of the Practice Site. This provision shall not be deemed to prohibit the employment of such Pharmacy Student by the Practice Site under a separate employment agreement. The College shall notify each Pharmacy Student of the contents of this section.

I. This Agreement contains the entire agreement of the parties hereto, and supersedes any prior oral or written agreements or understandings of the parties.

J. This Agreement may be amended by the parties hereto by written agreement executed with the same formalities as the Agreement.

K. This Agreement shall be governed and construed exclusively by and in accordance with the laws of the State of Ohio.

IN WITNESS WHEREOF, the University of Cincinnati on behalf of its College of Pharmacy, and the Practice Site have executed this Agreement.

Payment for Teaching

The College has established the following compensation model:

1. Shadowing Experiences are not compensated.
2. $500 for each full-time clinical rotation conducted by the Practice Site.
3. $500 for each Longitudinal Practice rotation conducted by the Practice Site
4. $100 for each teaching session conducted at the College.

Purchase Orders and Requests for payment

The College of Pharmacy will generate a purchase order based on the estimates of clinical teaching for the current period. Invoices with details related to teaching activities scheduled for the first 6 months of the academic year should be submitted prior to January 1, with final invoices for the current academic year due on or before May 1 to:
