

SuccessFactors

SAP SuccessFactors has provided an accessibility feature set that each user can individually enable if they desire. These features include: Enhanced Screen Reader Support, Color Vision Adjustments, High Contrast Settings, and Enhanced Keyboard Navigation. *Please note that not all enhancements work within all modules.*

1. From the **User Dropdown Menu** on the top right corner of the screen select **Options**.

2. Select **Accessibility Settings** from the left **Options** menu.
3. Select which options you wish to enable by placing a mark with your mouse inside of the radio button next to each feature. Click **Save** when complete.
