Important Notice from the University of Cincinnati about Your Prescription Drug Coverage and Medicare

2020 RECERTIFICATION

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with the University of Cincinnati and the prescription drug coverage available for people eligible for Medicare. It also tells you where to find more information to help you make decisions about your prescription drug coverage in the future.

HIGHLIGHTS

1. Starting January 1, 2006, Medicare prescription drug coverage became available to everyone with Medicare.

2. The University of Cincinnati must recertify annually the qualification of its prescription drug coverage in relation to coverage provided under Medicare Part D.

3. The University of Cincinnati has determined that the prescription drug coverage provided under the UC Anthem medical plans is, on average for all plan participants, expected to pay out as much as the standard Medicare prescription drug coverage.

4. While an active employee, the University of Cincinnati is required to pay as your primary insurer.

Starting January 1, 2006, prescription drug coverage became available to everyone with Medicare through Medicare prescription drug plans. All Medicare prescription drug plans provide at least a standard level of coverage set by Medicare. Some plans might also offer more coverage for a higher monthly premium. The University of Cincinnati has determined that your prescription drug coverage with Anthem is expected to pay out as much as the standard Medicare prescription drug coverage.
As an active employee (or covered spouse of an active employee) with the University of Cincinnati enrolled in existing coverage on average at least as good as standard Medicare prescription drug coverage, you do not need to enroll in Medicare Part D at this time. Since the University’s plan is considered ‘creditable,’ you will not have to pay extra when you enroll at the termination of your eligibility with the University of Cincinnati (i.e., retirement) if you enroll within the limitations stated later in this notice.

Individuals with Medicare can enroll and purchase a Medicare prescription drug plan. However, because you have existing prescription drug coverage that, on average, is as good as Medicare coverage, you do not have to choose to join a Medicare prescription drug plan until you retire, resign, or lose eligibility to participate in medical coverage.

You should know that if you drop or lose your coverage with the University of Cincinnati and do not enroll in Medicare prescription drug coverage after your current coverage ends, you may pay more to enroll in Medicare prescription drug coverage later. If you go 63 days or longer without prescription drug coverage that is at least as good as Medicare’s prescription drug coverage, your monthly premium will go up at least 1% per month for every month that you did not have coverage. For example, if you retire from the University and go nineteen months without coverage, your premium will always be 19% higher than what most other people pay. You’ll have to pay this higher premium as long as you have Medicare coverage. In addition, you may have to wait until the next Open Enrollment Period to enroll.

For more information about your future options under Medicare prescription drug coverage...

More detailed information about Medicare plans that offer prescription drug coverage is available in the current ‘Medicare & You Handbook’ which you should receive in the mail directly from Medicare. You may also be contacted directly by Medicare prescription drug plans. You can get more information about Medicare prescription drug plans from these places:

- Call your State Health Insurance Assistance Program (see your copy of the Medicare & You handbook for their telephone number).
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

For individuals with limited income and resources, extra help paying for a Medicare prescription plan is available. Information about this extra help is available from the Social Security Administration (SSA). For more information about this extra help visit SSA online at www.socialsecurity.gov or call them at 1-800-772-1213 (TTY 1-800-325-0778).

This information was provided by the University of Cincinnati Human Resources, 51 Goodman Drive, Suite 340, Cincinnati, Ohio. For additional information on the medical and prescription plans available through the University, call Human Resources at 513-556-6381.
