Today’s higher deductible health plans can help control costs, but they may leave you at increased financial risk. Unum’s Critical Illness Insurance can help you cope with the high cost of a serious health crisis, such as cancer or a heart attack.

### Why buy Critical Illness Insurance?

- Pays a lump sum benefit of $10,000 for employees, $5,000 for spouse and $5,000 for children to be used to cover your out of pocket medical expenses or whatever you choose.
- Coverage for spouse is optional; coverage for children is automatically included.
- Guarantee issue coverage is available with no medical exam or health questions for newly eligible employees. Previously eligible employees must answer medical questions.
- Each covered condition is payable once per lifetime. If you receive a full benefit payout for a covered illness, your coverage can be continued for the remaining covered conditions. The diagnosis of a new covered illness must occur at least 90 days after the most recent diagnosis and be medically unrelated.
- Premium is based on your attained age at time of purchase. Premiums are conveniently deducted from your paycheck and do not increase with age.
- $50 annual wellness benefit pays once per calendar year per covered individual. 26 covered wellness tests. A covered individual may receive a multiple wellness benefit for a covered screening test if participating in both the Accident and Critical Illness plan.
- A single claim can trigger the following benefits, if applicable, Critical Illness, Accident and Disability— as long as benefit is with Unum.
- Portability provision allows coverage continuation.
