What’s New?!
The Tuition Remission Application for Dependents has been converted from a paper form to an online form. The new process will make form submission easier and provide a more secure means of submitting documents. The new process will also allow employees to track the status of the application submission.

Be Well UC
It’s a brand new year – which means you are at the start line and have a full year to work on building your Be Well UC incentive. Consider using new features in the portal like monthly goal setting page to track your engagement bonus which provides $50 for logging in 10 out of 12 months.

A great way to get involved in the new year is the all new Connect & Reflect sessions to build personally and professionally in the New Year. Visit www.uc.edu/hr/cr to learn more about topics and to get signed up today.
