2015-16 Asia Strategy Group Summary

Japan

UC has active student exchange agreements with both Nagoya and Chiba universities. Our new French partner, University of Bordeaux, has a long-standing partnership with Tsukuba University. A small delegation from the Asia Strategy Group visited both Tsukuba and Chiba in mid-May 2015 to determine if one of the two would be a good candidate for a comprehensive partner.

Strategy Group members determined that Chiba was the best fit for the University of Cincinnati being similar in many ways to UC programatically. They have good housing for students, are interested in short-term exchange, and are very supportive and enthusiastic.

In October, we were visited by four Chiba administrators and Dean Probst, Dean Vogel and Prof. Chamberlain visited both Chiba and Tama Art Institute.

As of this writing President Ono and Dr. Mehta are visiting Chiba and signing collaborative agreements with them.
