Getting Started with Starfish: Creating Office Hours for Faculty

What are Office Hours?

Office hours are blocks of time on your Starfish calendar that allow students to schedule appointments with you through Starfish. If office hours are not set, students are unable to schedule appointments with you. As a reminder, by syncing your Starfish and Outlook calendar, your Outlook busy times will override your office hours (and show as unavailable to students).

How do I set up Office Hours?

1. Go to canopy.uc.edu and log-in with your UC username and password.
2. Select the menu icon in the top left corner of the page. Click Appointments.
3. Click Appointments from the top navigation bar.
4. Click the Office Hours button.
5. Change the Title of office hours, if you choose.
6. Select days of availability and if the hours should repeat (e.g. weekly).
7. Enter your Start and End times.
8. Select Where for your office hours location.
9. Select your Office hours Type (if your unit is using a kiosk, it is recommended to select Scheduled and Walk-ins).

11. Select **Instructor Office Hours** for the **Appointment Type.** This only allows students enrolled in your courses to schedule an appointment with you. If you are also a faculty advisor and would like to create separate Advising Office Hours, please view the Getting Started Guide: Creating Office Hours for Advisors.

12. Enter **Instructions.** Students will see these instructions when scheduling their appointment and in their appointment confirmation email.

13. If you set recurring availability, set a **start/end date** that corresponds with the semester. If your instructor office hours remain the same semester to semester, you can choose to ignore this step.

14. Click **Submit.**
