Catalyst Integration: Overview Tab

Attributes

The different pieces of information listed in the Overview tab are called Attributes. Attributes are predetermined characteristics that have been brought over from Catalyst. Generally, an Attribute won’t appear unless it applies to a student. See the Attributes Guide (available on the Starfish website) for all Attributes and important notes for each attribute. Here’s some general information about the Overview tab:

1. The **Fall, Spring, and Summer Registration Attributes** will appear all the time and is typically the only place that you’ll see future term planning in Starfish. See Catalyst for the actual schedule information.
2. A student’s picture and contact information will appear on every page of the student folder. Sometimes phone numbers come over odd because of how they are formatted in Catalyst. Check in Catalyst if it isn’t formatted as above to ensure it is the correct number.
