

3361:10-5-08

Organization: vice president for health affairs

- (A) The vice president for health affairs shall, under the general supervision of the president, exercise executive leadership and supervision over the medical center and shall have general supervision of clinical programs in the medical center. The vice president for health affairs shall be responsible for patient care in the medical center; for the overall operation and administration of the medical center in accordance with relevant university policies and procedures and cooperation with the other vice presidents of the university; and for the fulfillment of the medical center's responsibilities in educational leadership and effective cooperation with all appropriate health agencies in the community.
- (B) The vice president for health affairs shall be responsible for coordination of the university's role in the health alliance of greater Cincinnati and of the university's role in patient care; and in research that is conducted in facilities operated by the health alliance of greater Cincinnati.
- (C) Notwithstanding their responsibility to the vice president for health affairs the deans of the colleges in the medical center shall continue to carry out their roles as presiding officers of their respective academic faculties under the general supervision of the senior vice president for academic affairs and provost.
- (D) The president may assign additional responsibilities to the vice president for health affairs as deemed necessary.
