Steps to Create XSEDE Account

1. Go to XSEDE User Portal.
2. Click on ‘Create Account’ on the left side of the page.
3. Fill out all the required information and click ‘Submit’.
4. Within 48 hours you will receive an email on your registered e-mail address instructing you to verify your account.
5. To verify account, go again to XSEDE User Portal and click on ‘Sign In’ on the left side of the page. On the login page, click on ‘Verify Account’ and enter required information referring to the e-mail you received and click ‘Submit’.
6. Upon completing verification, you will receive a confirmation e-mail saying ‘Your XSEDE User Portal account is now active’.
