

UC International in partnership with the Hispanic
Chamber Cincinnati U.S.A. invites you to

A discussion with author

Richard T. Herman

Immigrant, Inc.

**Why Immigrant Entrepreneurs Are Driving the
New Economy**

(..and how they will save the American worker)

American icons Google, Intel, Yahoo, Hotmail and Sun Microsystems were all founded by immigrants. From Silicon Valley to university laboratories to the rust belt, immigrants are playing key roles as innovators and job creators and are critical to moving our economy forward.
